THE CLAMPY BENDY LAMP

Create your at-home reading nook anywhere and anytime! No more sacrificing comfort for good lighting.

Our Clampy Bendy Lamp was designed with cordless portability and 360-degree flexibility so you can easily use it anywhere. Illuminate your favorite reading nook or sanctuary, get comfy, and dive into books with style.

While the lower lamp is a soft reading lamp designed for utmost reading comfort, the upper cat-ear-shaped glow cap is actually a second light, controlled separately. You can use the top one as a night light in the evening or for ambient mood lighting at any time. Each lamp has three levels of brightness - choose to have both lamps on, or just one - adjust the light mode according to your liking for the best work (or sleep) experience.

FEATURES

Adjustable light mode
Work lamp, night lamp, or full lamp - choose your preferred brightness for any occasion or mood. Reduce eye strain and improve your lifestyle.

Wide & adjustable clamp
Clip this lamp to any surface with its wide clamp (up to 2.4 inches / 60 mm), and bend the lamp to any angle!

Portable & lightweight
This portable lamp weighs only 8 oz / 230 g and can fit easily in your bag, backpack, or suitcase. Bring it to the library, on a plane, or anywhere you need extra illumination.

Energy efficient
This energy-efficient lamp uses minimal power and gives off little heat while providing bright lighting. To charge, plug its USB cord into an electrical outlet, power supply, or USB port.

USB rechargeable & wireless
With its rechargeable 1200 mAh battery, this lamp can last up to 4 hours within one charging cycle.
