

Custom Quilting with Your Embroidery Machine

Virtual Embroidery Event

Aine McCarthy

Join Aine McCarthy and learn one of today's most sought-after embroidery skills from DIME.

Custom Quilting with Your Embroidery Machine has been created by the DIME education team led by Eileen Roche for The Sewing Gallery.

This exclusive, virtual event will elevate your quilting skills and inspire you to embellish and finish your quilt. Custom quilting enhances specific areas of a quilt such as blocks, sashing and borders using multiple designs, whereas edge to edge or allover quilting repeats the same design. This technique accents embroidered and appliqued elements while filling the surrounding shapes with beautiful, quilted texture. Custom quilting is what stops you in your tracks at quilt shows.

ATTENDEES will learn how to

1. Select quilt designs for your quilt top
2. Create cohesive design elements
3. Highlight embroidery
4. Accentuate applique
5. Emphasize patchwork
6. Embellish crazy quilt blocks
7. Mix modern quilting with traditional blocks
8. Add the wow factor
9. Precisely place quilting designs.
10. Handle the bulk of the quilt
11. Elevate small projects into showstoppers
12. Make your quilting pop

STITCH AT HOME!

Enjoy a free downloadable Love design.
