Bunny Silhouttes Pillow

Supplies:
1 – 16.5" x 16.5" square of Riley Blake K540-40 Gray 1" Stripe
2 – 16.5" x 10.5" rectangles of Riley Blake K540-40 Gray 1" Stripe
   (cut so stripes run lengthwise)
1 – 16.5" x 16.5" square Easy Knit Fusible Pellon
1 – 8" x 10" piece of Riley Blake K100-40 Gray
1 – 3" x 3" square Riley Blake K350-70 Hot Pink Dot
1 – 10" x 10" square Heat 'n Bond double-sided fusible adhesive
Template

1. Cut out an 8" x 10" piece of fusible adhesive (we use Heat 'n Bond) and press the gray knit fabric to the glue side of the fusible adhesive, following the manufacturer's instructions.

2. Cut out your bunnies from the template and pin the pattern pieces to the gray fabric. Cut out the bunnies.

3. Repeat steps 1 & 2 for the heart.

4. Peel the paper layer off of the fusible adhesive on the back of the bunnies & heart.

5. Press the Easy Knit Fusible Pellon to the back of the 16.5" x 16.5" square of 1" gray stripe knit fabric. This will give the front of the pillow stability which makes sewing the bunny appliqués much easier.

6. Position the bunnies and the heart on the 16.5" x 16.5" square of gray stripe knit fabric and press in place.

7. Using a zig-zag or blanket stitch and coordinating thread, stitch around the edges of the appliqués.

8. Using this very simple tutorial, make your pom-poms for the bunny tails. I opted to use this super-fluffy Baby Clouds yarn.

9. With a needle and thread, sew the tails to the bunnies.

10. For the back pieces, fold over one of the 16.5" sides about ½" and stitch in place. I used a contrasting hot pink thread and a twin needle.

11. Now lay out your pillow front, right side up. Lay the top back piece, wrong side up and pin in place.

12. Next, pin the bottom back piece on place. The top edges will overlap with the top back piece. This creates the 'envelope' effect.
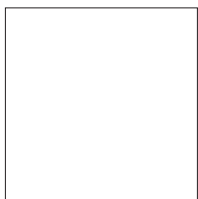

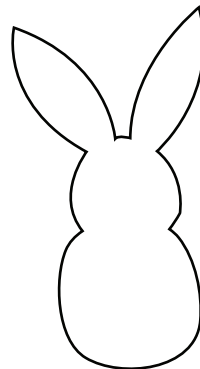

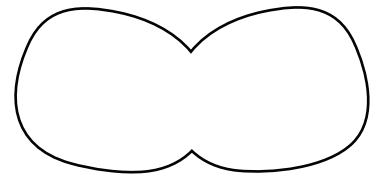

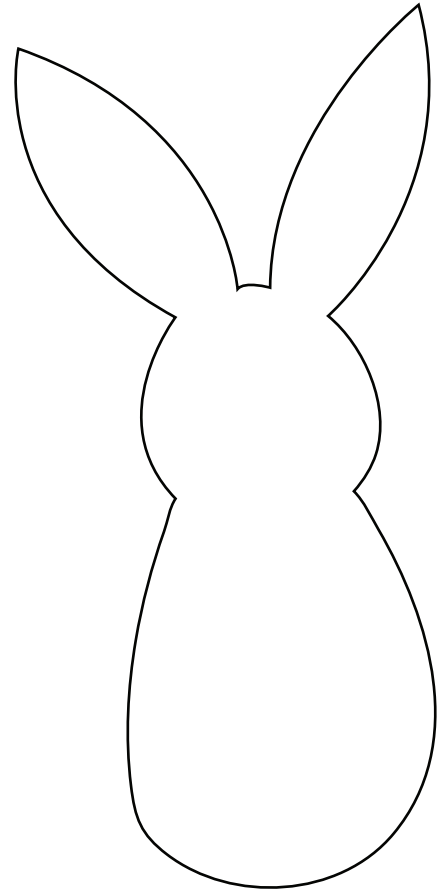

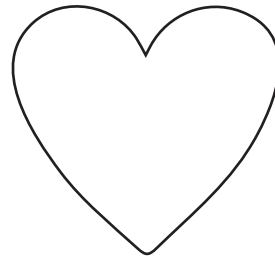

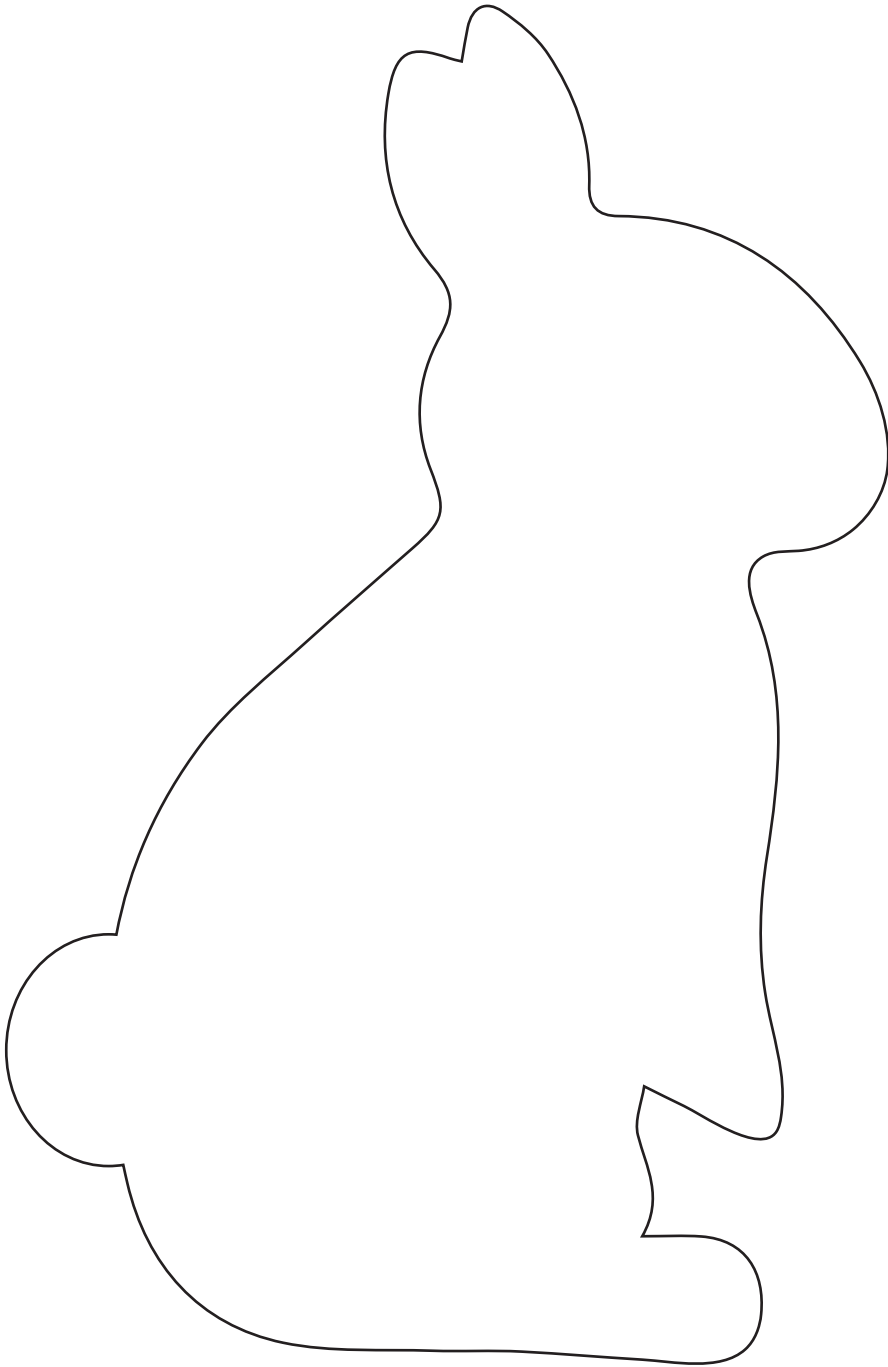

13. Stitch around the edges using a ½" seam allowance.

14. Trim the corners and turn right side out. That's it, you're done! Happy Easter!
