

**AMERICAN FORGE & FOUNDRY**

# 10-Ton Pin-Style Jack Stands

## Key Features and Benefits:

- Used in pairs for supporting trucks, trailers, and other equipment after lifting
- Multiple hole locations in the support tube make height adjustments quick, easy and secure
- Extra-large support saddle with locating lugs helps support and position the vehicle frame
- Locking pin is attached to the stand to prevent loss
- Meets or exceeds ASME PASE 2019 Safety standards
