

# CH-13AL CHEETAH® MAGNUM BEAD SEATER

CH-13AL is equipped with the Magnum II Barrel

## PRODUCT FEATURES

The **CH-13AL Cheetah® Magnum Bead Seater** is the most effective way to seat tire bead on wheel sizes 24" to 54". Used properly the CH-13AL will seat the bead on virtually all tractor and heavy equipment tires. The CH-13AL works on both vertical and horizontal applications and can be used in the field where the tires remain mounted to the equipment. Made with a 13 gallon ASME certified aluminum tank, the CH-13AL Cheetah Magnum Bead Seater is almost a 50% weight savings when compared to a traditional steel tank.
