

# TG-80 TIRE GROOVER STATION

- Complete grooving system with **HAND HELD** grooving tool included
- Powered by an easy to operate, low maintenance hydraulic system
- Heavy duty steel welded construction for long lasting dependability

**SPECIFICATIONS:**  
65" L x 35" W x 50" H  
712 lbs shipping weight

## PRODUCT FEATURES

- The **TG-80 Tire Groover Station** will hold any tire for re-grooving from 15" to 24.5" in rim diameter on the quick-adjust hydraulic chuck operated by a simple foot valve.
- The TG-80 allows a straight or zigzag groove with less difficulty than other methods.
- The groover attachment accepts 4 blade widths, allowing the operator to re-groove most truck tires.
- The 1 HP electric/hydraulic system operates all components and features variable rotation speed.
- A 110 V/30 Amp outlet and 1/4" 80 PSI air line is all that's needed.

## PRODUCTS INCLUDED

**HAND HELD Groover**  
supplied with TG-80
