## EQUIPMENT SHEET | MENDOZA 903 Firepit

### AVAILABLE SIZES

- Equipment available in 2 sizes: 1570mm/61.81" and 1970mm/77.55".

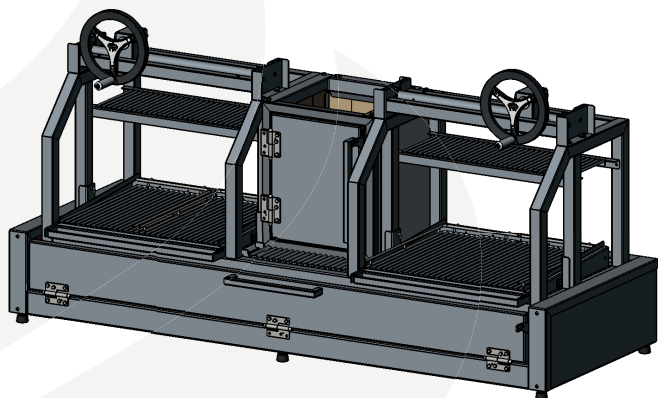

Equipment Measurement (Grill + Firebox + Grill)
585+400+585mm/23,03+15,74+23,03" (total length 1570mm/61,81")
785+400+785mm/30,90+15,74+30,90" (total length 1970mm/77,55")

### BENEFITS

- Stainless steel structure, ensuring robustness, corrosion resistance and excellent durability to the equipment;
- Steering wheel with antireverse technology (grille remains at the desired height without the need for locking);
- Fire box for bench with refractory bricks and thermal insulation.

### EQUIPMENT INSTALLATION

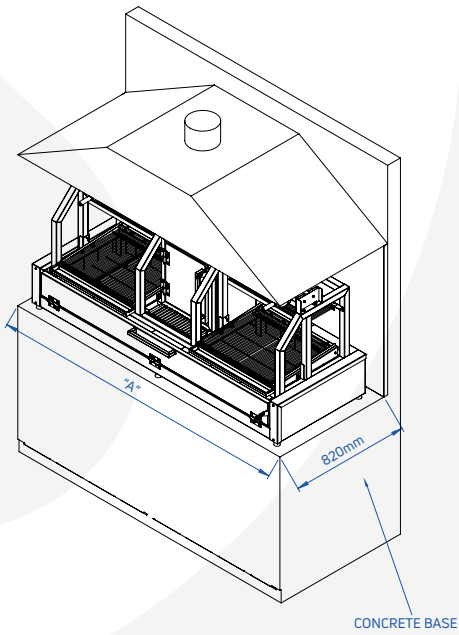

- Easy installation, just place the equipment inside the bench;
- Do not install the product exposed to the weather or sea air.
