Mimic GO ™ - Your Personal Watchdog

Dimensions
3.74" x 3.74" x 2.08"

Description

Protect your home and your personal belongings anytime, anywhere with Mimic GO™, the world's first multifunctional and portable security device.

Mimic GO provides the most reliable instant security anywhere through the combination of various sensors and alarms.

Control Mimic GO with the Smart Mimic mobile App. Through the App the user assigns different monitoring tasks such as; detects that something has opened a (door, window, drawer, etc.), detects when a secured object is moved, like a (backpack, laptop, cookie jar, etc.), detects when there is a human level of motion in secured area.

Mimic GO uses a dual communication protocol of Bluetooth and LoRaWAN. Where LoRaWAN is present, even when the Mimic GO is out of its 500 foot Bluetooth range, it can still send users notifications or enable them to control their Mimic GO when it is a long away.

Features

- Performs door/window opening detection with a single device.

  (No additional magnetic piece is required.) - *An innovation by Smart Mimic.*

- Weather resistant and can be used indoors and outdoors.

- Has up to 90 days of battery life on with a single charge.

- Has adjustable 120dB audio alarm.

- Has user selectable full color spectrum. 100 lumen LED light.

- Ultra-Portable. Pocket sized.

CONTROL WITH SMART MIMIC APP

- Group Mimic GO to use as a home security.

- Get notified even when Mimic GO is out of Bluetooth range.

- Customize your notification settings. (alarm, indicator light, phone notification)

General
