

## DSE 2016-2017 Viper ACR Front License Plate Bracket

### Overview:

A fabricated aluminum front plate bracket that mounts to the ACR / ACR-E splitter. Designed to be low profile and minimally invasive to airflow into the radiator. Easy installation using 2 of the splitter extension / rub strip bolts.

The kit includes longer bolts for mounting the bracket, security screws, hex bit, and lock washers for mounting the license plate.

### Compatibility:

2016-2017 Viper ACR or ACR Extreme

### Construction:

6061 T6, Black Hard Anodized Aluminum with black oxide coated stainless steel hardware.

### Ordering Information:

<http://dougshelbyengineering.com/Viper.html>

DSE-VP-LP-001: Gen V Viper ACR Front License Plate Bracket

### Installation Guide:

- Remove the 2 center bolts that secure the splitter extension or rub strip to the carbon splitter.
- Using the longer 2 bolts, install the plate bracket. The underside of the front fascia can be pressed upward as needed to gain clearance.
- Double check the bracket alignment and tighten screws according to the ACR manual.
- Install the license plate using the included hardware and security bit.
- For removal the plate may be left installed if desired.

***Some flex of the assembly is normal.  
Remove the plate bracket for on-track driving.***

### ***Thank you for your purchase!***

*Your business is appreciated and customer satisfaction is our top priority! Don't hesitate to contact us via email with any questions or feedback. Word of mouth is the best form of advertising so if you are satisfied please spread the word!*
