Engraved Plastic Nameplates

Adhesive Backing May combine with any option above

Kolbi Engraved Nameplates are designed to meet exact project requirements. These highly durable plates are available in the most commonly used sizes or custom-made to meet a specific need. There are five standard materials, all with beveled edges for a precise and professional look. Precision engraving equipment produces the exact letter size and font needed for optimal viewing from any distance. Ability to vary letter size by line creates plates that are easier to read and meet exact project specifications.
