

We are thrilled to be reopening our studios, and safety remains a top priority for us. In the spirit of transparency, we're sharing these key policies with you – read on to learn more.

Let's face your skin, safely.

GLOWBAR

**HAND SANITIZER**

Hand sanitizing stations are located throughout the entire studio.

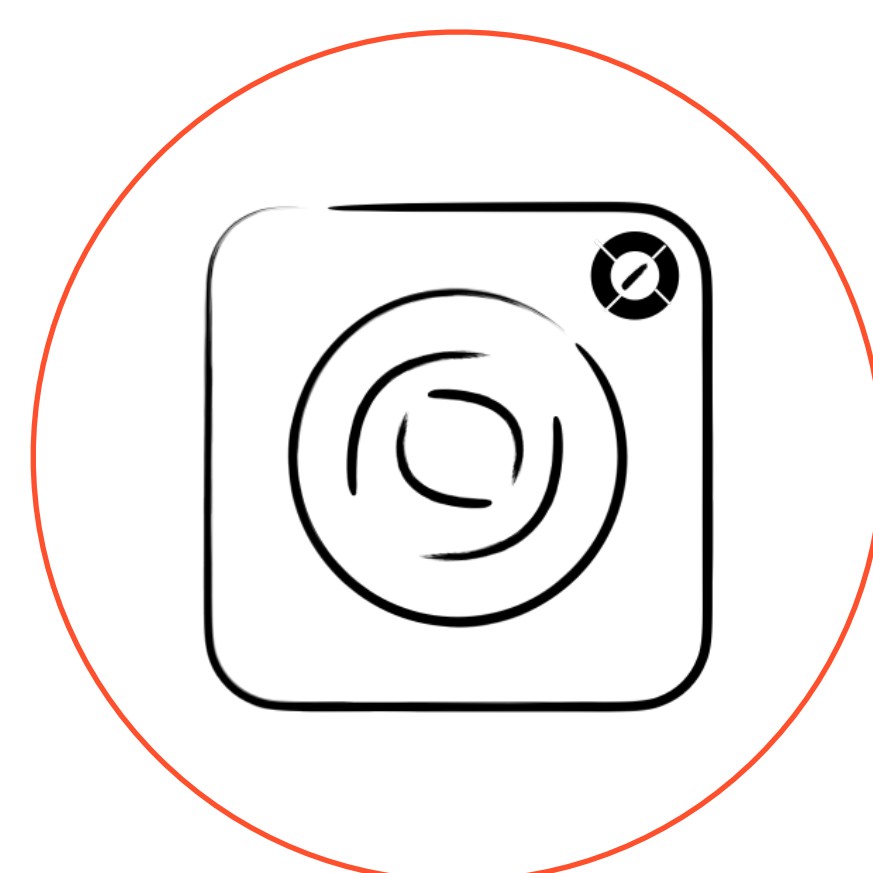

**DISTANCE MARKERS**

Distance markers are located throughout the entire studio.

To avoid crowding and comply with regulations, we ask that you not bring additional guests to your appointment.

**STUDIO CLEANING**

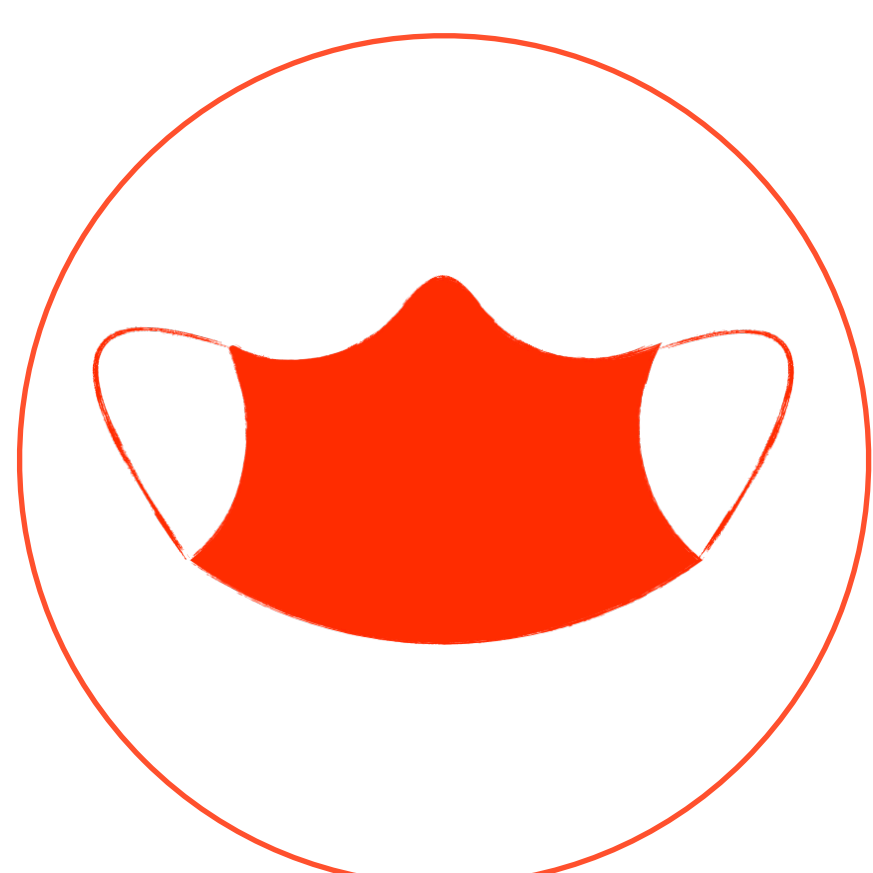

In addition to required sanitation policies, all surfaces are sanitized hourly, the studio is fully sanitized daily, and treatment rooms are sanitized, cleaned and prepped after each client.

**LAUNDRY**

Laundry is cleansed and dried in high temperatures and stowed in allocated, sanitized bins.

**TEMPERATURE CHECK**

Anyone entering or re-entering the studio, including Glowbar employees, will receive temperature checks.

**FACE MASKS**

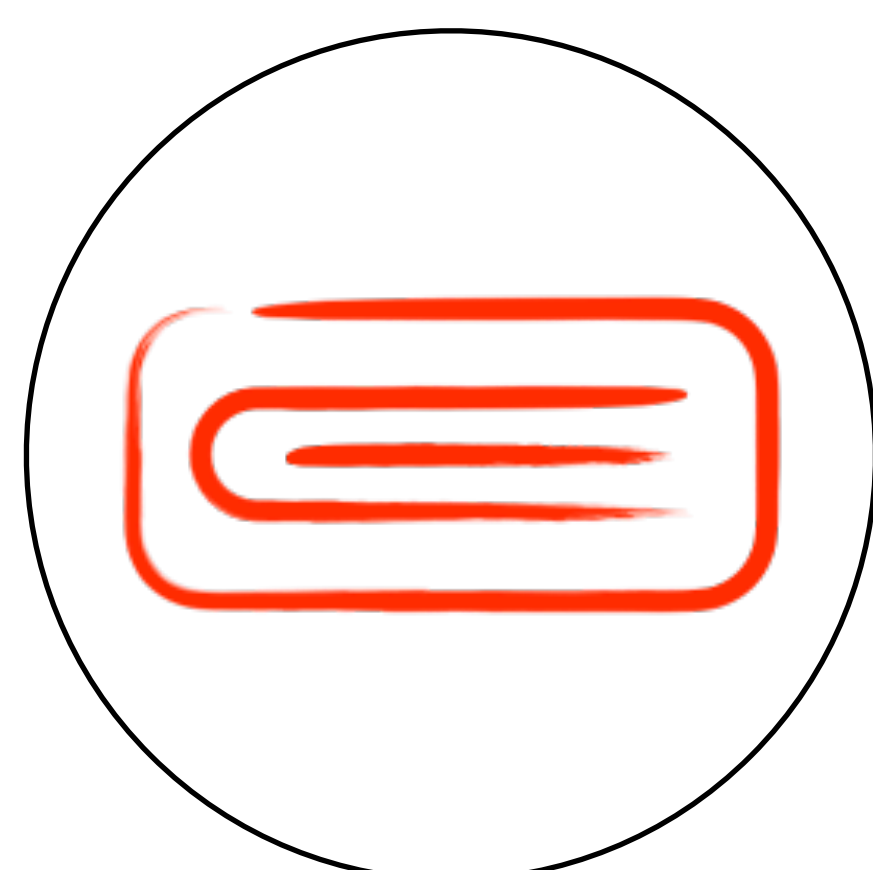

Face masks must be worn at all times throughout the studio. Clients may remove their face masks at the wash bar and in the treatment room.
