

AYC-G54

Convertible 2x6 Backlit PIN Reader/Controller

Part of the convertible line of readers/controllers, this unit can be operated as an outdoor backlit keypad reader, which connects to any standard controller, or it can convert to a fully-featured, 500-user standalone controller when connected to Rosslare's PS-x25T family of intelligent power supply/relay units. This unit provides a most effective solution for indoor and outdoor access systems where PIN credentials are required.

GENERAL DESCRIPTION

For a greater peace of mind, this sturdy access control unit provides a rugged keypad with advanced access control features, in an aesthetically-designed housing. The AYC-G54 offers programmable PIN transmission formats, LED control and tamper detection, providing extra security and flexibility. Come rain or shine, this unit can handle the challenge, with its rugged ultraviolet-resistant housing and waterproof enclosure for maximum durability. The backlit keypad is clearly visible day or night, making this unit ideal for residential and commercial applications.
