KITCHEN ACCESORIES

ABOUT US

Machika is a family-owned business that, since 2019, has worked towards the goal of getting more families and individuals cooking in the kitchen. To achieve this, we provide customers with the tools and recipe they need to cook dozens of different recipes from across the world.

At Machika, we believe that the most important area of every home is the kitchen. As it becomes more common to simply order in, people will continue to grow apart from the food they eat.

Knowing your way around ingredients, cookware, and the kitchen are important parts of life. Recipes and traditions are vital to any family, and the kitchen is where many of those are built.

OUR MISSION

We believe our products can transform family time and create long-lasting experiences and memories by improving your time in the kitchen. Therefore, the kitchen and everything that has to do with it is a place of affection and love. We enjoy turning products and utensils into instruments that improve social interactions, creates cherished memories, and create important life values. In those moments, it is the utensil that fits the tradition.

We do not create routine; we create a life where everyone is invited to live and be part of.

MADE WITH LOVE

A dark, possibly black, plate is filled with food. On the left side of the plate is a fried egg with a runny yolk. To the right and in the foreground are several golden-brown french fries. The plate is set on a light-colored wooden table. In the background, a wooden basket contains several pieces of bread. A dark, elongated object, possibly a pepper or a piece of meat, is visible on the right side of the table. The overall lighting is warm and slightly dim, creating a cozy atmosphere.
