ABOUT US

Machika is a family-owned business that has been dedicated to promoting home cooking since 2019. Our goal is to inspire more families and individuals to embrace cooking in the kitchen. To achieve this, we offer customers the tools and recipes they need to create a variety of dishes from around the world.

At Machika, we believe the kitchen is the heart of every home. As ordering in becomes more common, People are increasingly growing disconnected from the food they eat.

Understanding ingredients, mastering cookware, and navigating the kitchen are essential life skills. Recipes and traditions form the cornerstone of family life, often cultivated in the kitchen.

OUR MISSION

We believe our products have the power to enhance family time, creating lasting experiences and memories in the kitchen. For us, the kitchen is a place of affection and love, where every aspect is infused with meaning. We take pride in transforming products and utensils into instruments that foster social interactions, cultivate cherished memories, and instill important life values. In these moments, it's the utensil that becomes part of the tradition.

We do not create routine; we create a life where everyone is invited to live and be part of.
