AR331 THE HUNGRY MANIKIN®- PAEDIATRIC NASOGASTRIC FEEDING TRAINER

Product Leaflet

AR331 THE HUNGRY MANIKIN® - PAEDIATRIC NASOGASTRIC FEEDING TRAINER

This model was designed by nutrition nurses at **Birmingham Children's Hospital** to demonstrate to parents/carers the technique for inserting nasogastric and gastrostomy tubes in children.

The Hungry Manikin® has been significantly improved so that fluids can be introduced into the stomach. The transparent cover is now removable and, by means of a simple connector, the stomach can be removed for cleaning.

This simple to use simulator helps identify the stages of placement, ensuring that the nasogastric device is passed safely and correctly.

This manikin enables parents/carers to visualise the correct positioning of nasogastric and gastrostomy tubes and also practise the associated techniques.

Families have reported that The Hungry Manikin® gave them invaluable practice and increased their confidence and understanding.

Features

Movable epiglottis to demonstrate swallowing

Transparent body - allowing trainees to observe the tube being passed

Divided nasal septum allows use of nasal bridles

Gastrostomy opening

Representation of lungs and oesophagus

Skills

- Measurement, placement and securement of nasogastric tube
- Insertion of gastrostomy tube
- As the manikin accepts fluids, training in the following procedures is now possible:
 - Aspiration of the stomach for confirming correct tube placement
 - Measuring pH (acidity/alkalinity) of stomach aspirate
 - Enteral feeding via nasogastric or gastrostomy tubes
 - Administration of liquid based medicines

Includes

- Instruction manual
- Rigid carrying case

Replacement Part

S331/8 STOMACH UNIT

Size 6 Fr or size 8 Fr Nasogastric and up to Size 12 Fg Ryles tubes should be used with this model

Movement of epiglottis

Aspiration of stomach

Securing nasogastric tape

Bolus feeding

Inflating gastrostomy tube

Administering via gastrostomy
