

Hydrofusion™ Strawberries & Crème Mask

Indications:

- To re-hydrate the skin by infusing rich lipids into the dermal layer.
- To nourish the skin with vitamins.
- To deliver antioxidants into the skin.
- To fight free radical damage from ultra violet radiation with potent antioxidants.

Key Features:

- A rich moisturizing mask with a base of nutritional ingredients.
- Superb lubricants for the skin without leaving a greasy, oily residue.
- Essence of Strawberries and Crème leaves the face with an elegant freshness and silky softness.
- Highly potent antioxidants proven to fight free radical damage.
- Clinically tested.
- Calming on the skin.

Directions:

- Stir product as slight separation may occur from highly nutritious emu oil.
- Cleanse the area(s) to be treated.
- Allow to dry for two minutes.
- Apply a moderately-thick layer to the face avoiding contact with eyes.
- Allow the product to hydrate the skin as it dries.
- You may remove the mask once it becomes dry.
- Rinse with plenty of warm water and a soft cloth or gauze. Repeat as often as desired.

Warnings:

- For external use only. Keep out of reach of children.
- Do not leave on overnight.
- May stain light-colored fabrics.
