

Professional Scalp Prep - Step 1

Indications:

- To properly defat and cleanse the scalp thoroughly.
- To keep hair follicles from being dormant.

Key Features:

- For all stages of thinning hair.
- Combines solvent-like properties with a mild emulsifier.
- Penetrates the hair follicles.
- Softens thick sebum build-up.
- Cuts through the toughest buildup from hair spray, gel, mousse, pomade or any other hair styling product.
- Conditions the scalp.
- Allows hair to regrow naturally.
- Fast acting.
- Hormone-free.
- Steroid-free.

Directions:

- Before wetting hair, apply ¼ ounce of Scalp Prep. If applicator tip was provided, use it to measure dose.
- Using your finger tips, gently flex the scalp for a few seconds to work the product into the follicles but do not rub.

Warnings:

- Do not leave this product on the scalp for more than 30 seconds.
- For external use only. Avoid contact with eyes.
- In case of accidental exposure, rinse with plenty of lukewarm water.
- Keep away from small children.
- If ingested, contact a poison control center immediately.
- If irritation develops and persists after a few days of treatments, discontinue use and contact us for further review.
