

## **B-Kleer AHA – BHA Gel**

### **Indications:**

- To use on oily / acne prone skin types without irritation.
- To minimize acne breakouts so they occur less frequently and in many cases they will no longer be a serious problem.

### **Key Features:**

- Safe to use around the eyes.
- Eliminates build-up of dead skin cells around hair follicles.
- Permits breakdown of trapped oils and waxes.
- Minimizes the chance of white heads, black heads, pustules and papules.
- 8% Glycolic Acid base, non-buffered, with family of AHAs to stimulate microscopic exfoliation.
- Contains 2% Salicylic Acid to help control oiliness and acne.
- This combination of AHAs and BHA stimulates production of healthier skin, fights hyperpigmentation and improves tone and texture • Excellent on oily skin to Acne grades 2 – 3.
- Fragrance-free.
- Oil-free and non-toxic.

### **Directions:**

- Cleanse the face or area(s) thoroughly without scrubbing the skin.
- We recommend our B-Kleer™ Antimicrobial Cleansing Gel for improved performance.
- Apply a small quantity (the size of a nickel for the face) of B-Kleer AHA – BHA Gel to a cotton ball or pad.
- Spread evenly without rubbing the affected areas, twice daily.
- Gel will be absorbed quickly and is meant to be left on.
- If your skin is not dry within 1 minute, dab off excess with a tissue.
- A light, oil-free and fragrance-free moisturizer may be applied if desired.
- If you are going outdoors during daylight hours we highly recommend that you use a high quality broad spectrum sunscreen of SPF20 or higher.

### **Sunburn Alert:**

- This product contains alpha (AHA) and beta hydroxy acids (BHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn
- Use a high quality broad spectrum sunscreen with this product
- We recommend the use of either our Pro-Tect SPF20 or SPF30+ Sunscreen Lotions for proper protection.
- Wear protective clothing and limit sun exposure while using this product and for an additional week if you discontinue this product.

### **Warnings:**

- For external use only.
- Avoid direct contact with eyes.
- Keep out of reach of small children.
- If irritation develops, stop for three days. Begin again using less product and only once daily for at least one week. If no issues at that time you may increase use to twice daily. Otherwise, discontinue use.
- Do not store near excessive heat.
