

Exfoliating Facial Cleanser

Indications:

- Creates epidermal resurfacing to remove dead and listless cells.
- Reduces the signs of accelerated aging of the skin caused by sun, tanning and environmental effects.
- Improves the softness and texture of the skin.

Key Features:

- Remarkably efficient for deep exfoliation.
- Extremely gentle base, pH neutral
- May be used up three to four times a week.
- Excellent item for improving home maintenance and in between professional treatments.
- Non-aggressive treatment helps diminish the appearance of fine lines and wrinkles.
- Leaves the skin feeling smoother, softer and more radiant.
- Silica and Jojoba Esters combine to exfoliate and polish without being abrasive.
- No aluminum exposure.
- More effective than an enzyme peel and with total control over the product's efficacy. Product is inert so it will not harm the skin, unlike enzymes.
- Minimal irritation compared to Microdermabrasion.
- Red/Pink (non –toxic vegetable dye) to differentiate from the Body Polish and the Professional Polish (back bar).
- Excellent vehicle to slough epithelial cells before applying self-tanner.

Directions:

- Apply a modest amount to damp skin.
- Massage lightly in an upward circular motion to each side of the face and neck for up to two minutes.
- Rinse completely with tepid water making certain to remove all traces, pat dry.
- A slight pink skin tone and tingling sensation is possible. This is normal and will dissipate.
- If desired, use a cool moist compress, a cool soothing gel or a skin protectant to calm the skin.
- Always apply sunscreen if going outdoors during daylight hours

Warnings:

- For external use only. Keep out of reach of small children.
- Avoid contact with eyes and mucous membranes. Remove contact lenses when using this product. Rinse hands thoroughly before putting contacts back in.
- A mild transient tingling may occur for a few minutes in people with sensitive skin. This is normal.
- Do not over apply and do not over use. Do not rub this product into the skin.
- If irritation develops and continues, discontinue use.
- Do not use an alcohol-based astringent when using this product. Do not use Glycolic Acid products, chemical peels, water-soluble Vitamin C (ascorbic acid) or prescription strength Vitamin A (retinoic acid) within 3 hours of using this product.
- Do not apply this product to open or abraded skin.
- Do not apply to moderate or advanced acne that is not under control with medication.
- Do not apply topical medications the night you use this product since they can cause extreme dryness and irritation.
- DO NOT USE THIS PRODUCT FOR 6 MONTHS FOLLOWING TREATMENT WITH ACCUTANE®.
