ALPHA 20 QT TEN SPEED SPIRAL MIXER

AVS-20

ALPHA

Project: _____ Date: _____ Price: _____

KEY FEATURES:

- Heavy Duty Painted Steel Body
- 304 Stainless Bowl, Hook & Wire Cage
- Variable Frequency, Belt Driven Motor
- Inverter Technology For Quick Speed Changes
- 10 Mixing Speeds
- Reverse & Inching Function For Easy Removal
- ETL & NSF Certified

Introducing the brand new Alpha spiral mixer.

The unique variable frequency motor has many benefits, including quieter operation, more mixing speeds, more torque, and easier maintenance.

The digital controller interface makes operation easy, and includes a reverse and inching feature to help with dough removal and cleaning.

Suitable for a wide variety of doughs, with low and high hydration levels. The digital timer allows you to set the mixer and walk away while you work on other tasks.

SPECIFICATIONS:

CONSTRUCTION:

- 304 stainless steel bowl & cage for durability and longevity
- Heavy duty painted steel body
- Includes casters for mobility and stabilizing feet

CONTROLS:

- 10 mixing speeds to accomodate a wide range of doughs
- Reverse and inching function improves dough consistency, and eases the dough removing and cleaning process
- Simple, easy to use control panel means there is no learning curve, just get right into baking

CAPACITY:

- Max Mixing Capacity: 8 KG/17.6 LBS (Flour); 12.8 KG/28.2 LBS (Dough)
- Total Bowl Capacity: 23 L

ELECTRICAL:

- 120V, 1500W, 12.5A; 2 HP Motor
- Includes cord and plug

NEMA 5-15P

WARRANTY:

- 2 Years Parts And Labour Warranty

SAFETY:

- Emergency stop and safety cage prevents injury while in operation, and ensures that you can quickly stop the machine if needed

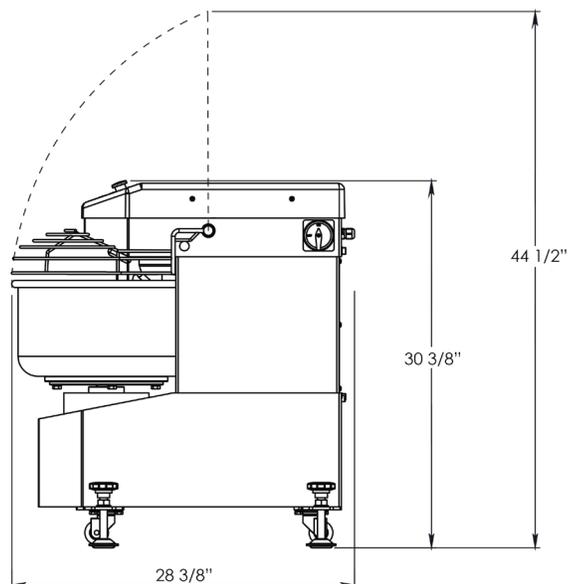

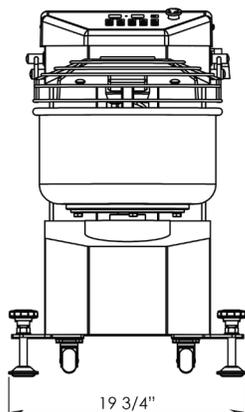

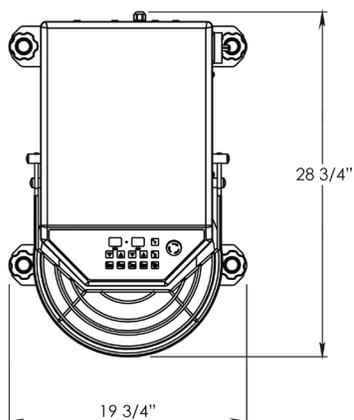

MOTOR:

- Variable frequency motor removes the need for extra gears, reducing noise while increasing the torque capabilities
- Belt driven to reduce noise while in operation, making repairs quick and easy
- Inverter technology adjusts the motor power to keep the speed more constant, even with changing loads

SPEEDS:

- 10 Variable Mixing Speeds
- Hook Speed Range: 130 to 320 RPM
- Bowl Speed Range: 13 to 32 RPM

UNIT MEASUREMENTS:
Width: 19 3/4" (500 mm)
Depth: 28 3/4" (730 mm)
Height: 30 3/8" (770 mm)
Net Weight: 198 Lbs (90 Kg)
