Fractional Warmers

Let your menu imagination expand—even when your kitchen can't!

Buy once. Buy the original.
Always look for this mark of quality

Small & Saucy

Now, even mobile, ghost and other space-limited kitchens can dabble in everything from artistic finishing touches to completely new menu concepts, with Nemco's compact and resourceful fractional warmers!

Quite a Performer

- Perfectly holds all kinds of sauces, toppings, and even soups, in a footprint as little as 133 in² (single well) or 276 in² (dual-well).
- Effectively rethermalizes to bring cold product to desired safe temperature in just minutes.
- Heating design ensures a uniform temperature zone for consistent food quality from the first ladle dip to the last.
- Wells accept a 1/3-size or two 1/6-size pans and are independently thermostatically controlled for incredible range and versatility.

Built for the User, and the Long Haul

- Easy to prep with a water-fill line stamped into each well and extremely simple dial controls.
- Durable—manufactured of stainless steel and cast aluminum.
- Insulated exterior keeps the heat on the food and away from potential operator contact.

Each well accepts a standard 6-quart-capacity, 1/3-size, 6" deep pan or two 3-quart, 1/6-size pans

Durable stainless steel body

Compact size—dual-unit footprint is only 276 in², the single unit only 133 in²

Each well has independent thermostat controls

Suggested Uses

Holds all kinds of sauces, toppings and soups, for dipping, dressing or brilliantly finishing a table-ready plate. The compact size makes it ideal for food trucks and other mobile kitchens, as well as ghost kitchens outfitted to serve multiple virtual restaurants. It can even find a place in especially crowded or busy serving windows.
