

# DRIFTWOOD

MARGARET RIVER

## the collection semillon sauvignon blanc

2023

---

### BLEND

Semillon 76%, Sauvignon Blanc 24%

### COLOUR

Vibrant pale lemon with green hues

### AROMATICS

Fruit-filled and fragrant, this wine is a Margaret River classic with tropical fruits, citrus, and grassy notes.

### PALATE

The lively medium-bodied palate offers crispy green apple, passionfruit, and nashi pear flavours framed by bright acidity, lovely sweetness, and a flavoursome finish.

### VINTAGE 2023

Due to the perfect conditions of vintage 2023, we just had to hold our cards close to our chest until we were ready to pull the pin and start the harvest. That timing was the magic mid-February (the seventeenth to be precise). In came the whole bunch of Chardonnay looking amazing closely followed by Sauvignon Blanc with both varieties displaying sensational flavours and perfect physiological ripening characteristics. The weather was continuing to be a blessing with not a drop of rain in sight allowing for the Semillon to fully ripen to optimum flavour profiles and with most of the white fermenters full, all the whites were in by the middle of March.
