

# Design Your Life

## PLANNER

2022 Samples

MONDAY

### Things to consider in a layout:

- How do I plan and organize my thoughts? Is a to-do list effective on me? Do I like seeing my schedule? Do I need space for notes everyday?
- Am I flexible (sometimes using a list, other times notes) or consistent (only using notes everyday)?
- What is my goal in using a planner? What is its purpose: personal organization, work, school, fitness, journaling?
- What tools will I be using? Colored pens, stamps, stickers? Test them all here!
