Product Features

TriTune™ 3D Headrest Enhanced

Enjoy always-on support for your upper spinal columns. Time to leave your neck aches behind. Now with 4 axes of adjustments for better fit on your neck.

GyroBrace™ 5D Armrest

Type. Write. Game. Read. Mobile phone. Regardless of activity, your arms and elbows will never be left hanging.

ATLAS™ Lumbar Area Support Enhanced

See that C-shape curve in your spine? That's your lumbar. ATLAS shifts with your body to keep that natural curve always supported. Now enhanced! The support tension is now adjust-able.

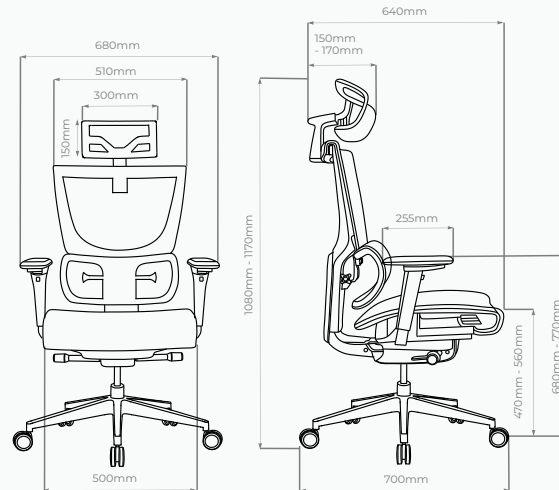

TrueTilt™ Precision Recline Controls

Precisely calibrate both recline angle and tension. You choose when to work hard with a solid support, and when to clock out and rock back.

DuraWeave™ Hybrid Mesh Upholstery

Crafted from a 2:1 blend of fabric and polyester. Results? You get the breath-ability of mesh, enhanced with fabric's strength and comfort.
