Product Features

ATLAS™ Auto Tuning Lumbar Area Support

Like the Greek god who props up the heavens, ATLAS shifts simultaneously with your body to automatically fit your lumbar spine's natural curve.

DuraWeave™ Hybrid Mesh Upholstery

Crafted from a perfect 2:1 blend of fabric and polyester to give you all the breath-ability & strength of traditional mesh, yet enhanced with fabric's superb comfort.

TrueTilt™ Precision Recline Controls

TrueTilt lets you precisely calibrate both recline angle and tension. You choose when to work hard with a solid support, and when to clock out and rock back.

4D Armrest

Adjust your armrest with the 4 essential ergonomic dimensions - Up down, left right, inwards outwards, forward backward.

Upholstery: DuraWeave™ hybrid mesh (2:1 blend of fabric and polyester)

Adjustable armrests: Height-adjustable, width-adjustable, nylon polyamide mechanism, PU-coated

Armrest pad size: 24.5cm (L) x 11cm (W)
