

COVID Testing

The Vasant Institute of Ayurveda (VIOA) is committed to a safe environment that fosters each client's health and well-being. The Institute continues to closely monitor developments associated with Coronavirus ("COVID-19"), and is taking action to ensure the well-being of its clients, staff, students, and visitors.

To safeguard the health of all involved, we are requiring that all visitors present a negative COVID PCR test (taken no more than 72 hours prior to arrival) upon arrival at the campus.

There are many quality testing centers around Pune and you are free to choose any center that is most convenient for you. Please see below for information for one reputable center.
