Guide to Setting AZAN Time

A. Click the "SET TIME" button

1. First, set the year. For example, input 2021, then click the "Play&Pause" button to confirm.
2. Second, set the month, for example February, input "02", then click "Play&Pause" button to confirm.
3. Third, set the date. For example "01", input "01", then click the "Play&Pause" button to confirm.
4. Fourth, set the time, such as 12 o'clock, input "12", then click the "Play&Pause" button to confirm.
5. Fifth, set the minute, such as "03", input the "03", then click the "Play&Pause" button to confirm.
6. Lastly, set the city code. For example, LONDON, enter "488" and Click the "pause & play" button on the remote control to confirm. AZAN time is set successfully.

B.

If there is a small error in the AZAN time, and confirming the city code is correct, you can long press "TIME/STATE" to switch "shafi" or "hanafi" algorithms. (Probably the time of everyday will be a little different, the difference is very slight, but the product will update automatically)

C.

After confirming that the city code is correct, the AZAN time has an error of about 1 hour, please press and the machine's "Clock" key (The first button on the left side of the display) to switch to daylight saving time. In winter, the AZAN time will be wrong again, and you need to press the machine's "Clock" key (The first button on the left side of the display) again to switch back (sometimes there is 1 or 2 hours difference between summer and winter. This is judged by the rotation of the earth and the latitude and longitude)

D.

Supplementary description.

Long press the 1 button to set the daylight saving time algorithm, the daylight saving time only changes the azan time, does not change the current clock time; when the azan time is set or exited, the screen will flash and display the next worship time.
