WHAT IS A CATGENIE?

CatGenie is the World's Only Self-Scooping, Self-Washing, Self-Flushing Cat Box. It does more than just scoop litter – **it eliminates the need for cat litter entirely.**

CatGenie has replaced cat litter with **Reusable, Washable Granules that never need changing** because they are washed and dried after each use.

The creators of CatGenie have brought **the cleanliness and convenience of indoor plumbing to indoor cats.** Cat lovers can finally eliminate the disgusting, smelly and environmentally un-friendly mess of cat litter from their lives for good.

HOW DOES IT WORK?

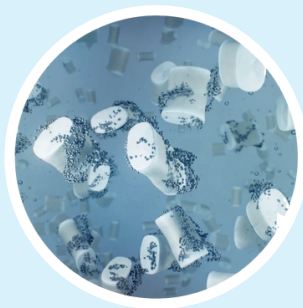

CatGenie Users can select from 3 different cleaning modes: cat activated, scheduled or manual.

Whenever you want it to clean, CatGenie will:

Scoop

When the Cleaning Cycle starts, CatGenie scoops away any solids, while liquid waste drains through the non-absorbing Washable Granules.

Wash

Using water and cat-safe, veterinarian-approved SaniSolution, CatGenie washes and purifies the Washable Granules and cat area.

Flush

CatGenie liquifies solids and flushes all waste out of your home for good. (No nasty clumps or dirty litter to clean out!)

Dry

CatGenie uses hot air to thoroughly dry granules at the end of each cycle, leaving them completely dry for the next use.

CUSTOMER REVIEWS

"I COULD NEVER HAVE CATS AGAIN WITHOUT A CATGENIE.
I'D DO AWAY A DISHWASHER, BEFORE MY CATGENIE!
IT'S THE BEST INVENTION EVER!"
WENDY B.

"CATGENIE HAS CHANGED OUR LIVES.
NO MORE TRYING TO PAWN OFF LITTER BOX CLEANING TO OTHERS,
JUST PUSH THE BUTTON , SET A TIMER OR PUT ON AUTO! WORTH THE
MONEY TO ME KNOWING THAT I AM NO LONGER USING LITTER THAT
MUST BE PROCESSED AND THAT ENDS UP IN THE ENVIRONMENT. "
NATHAN P.

"I GOT A CATGENIE FOR MY DAD WHEN HE MOVED INTO RETIREMENT
COMMUNITY AFTER BREAKING HIS HIP. IT ALLOWED HIM TO KEEP HIS
DEAR KITTY WHILE NOT BEING ABLE TO BEND OVER AND MANAGE A
TRADITIONAL LITTER BOX. THE AI AND WIFI ACCESS IS WONDERFUL AND
ALLOWS ME TO MONITOR THIS ISSUE FROM ACROSS TOWN."
