

Professional Summary

IT literate Product Manager with a proven track record in building and launching digital products and services on a global platform and with a strong understanding of the market and customer needs.

Utilising my core skills and experience, I have been pivotal to the success of several high-profile projects, including the launch of a new digital platform and the development of a new product line. My experience includes managing cross-functional teams, conducting market research, and delivering user-centric solutions. I have a proven track record in building and launching digital products and services on a global platform and with a strong understanding of the market and customer needs.

Core Skills

- Product Development
- Project Management
- Content Management
- Requirements Gathering
