## Professional Experience

Senior Finance Manager  
Hospitals and Healthcare

Blue Chips,  
of business

Utilising my core skills in Finance and Project Management, I have successfully led the implementation of a new financial system across the organisation, enhancing financial reporting and compliance. This has resulted in significant cost savings and improved efficiency across the organisation, ensuring future proofing the organisation for the needs of our patients.

Initially as the Finance Manager leading 3 Finance programmes, I have successfully managed the implementation of a new financial system across the organisation, identifying and addressing key risks and ensuring compliance for the organisation.
