Mother's Day is our favourite holiday! With the majority of our team being Mom's we have some favourite gifts that we have selected to thank your Mom for all she has done!

And while we all know that a material gift can never substitute quality time with Mom (here is our reminder to call her!) it's always nice to show a token of your love for all they have given you over the years.

What the Peter & Paul's  
Gifts team is giving their  
Mom's this year.
