BROW TEMPERATURE GUIDE

Tint

SHADE	FPS	TEMPERATURE	BASE COLOUR	CONSIDERATIONS
Light Brown	I - III	Slightly Warm	Light Brown	A slightly warm light brown shade suitable for all blondes, light brown and medium brown hair types.
Natural Brown	I - V	Slightly Warm	Medium to Dark Brown	A best selling slightly warm brown for medium to dark brunettes.
Graphite	I - VI	Neutral	Grey	A neutral grey which can be added to any tint shade to assist with grey hair coverage, or to add in ashy undertone.
Black	I - VI	Neutral	Black	The darkest shade offers a very cool undertone. This option is best reserved for clients requesting a black or very dark eyebrow colour.
Blue Black	I - IV	Cool	Blue Black	A cool toned rich black with dark blue lustre. Perfect for eyelash tinting.
