NovoFit has a long term relationship with Revo Fitness and we are a crucial partner as they roll out new clubs (6 new clubs in 2021). We work with Revo Fitness at all of their clubs. We work closely with Revo as they plan their exciting expansion plans, create floor plans and select the latest innovative equipment from our global brands that suits their needs and budget.

NovoFit's national infrastructure, resources and systems are important to ensure we are able to meet all their needs to open each club to schedule. As new site development plans change we have shown we are able to pivot quickly to meet changed needs..
