

PCYC NSW - GRAFTON

Facility: PCYC NSW

Value: \$2,000,000.00

Reference Name: Graham McLaughlin

Brands: SportsArt, Octane, ZIVA, TRX,

NovoFit has a long-standing relationship with PCYC NSW. We have worked with PCYC on a number of installs across the state. We work closely with each site to create floor plans and select equipment that best meets the needs of the local communities that the PCYC runs in.

A perfect example of this is PCYC Grafton. PCYC Grafton has revitalised and transformed an existing lacklustre club into a landmark community facility for the town of Grafton. Featuring a purpose-built boxing ring, state-of-the-art gym equipment and fitness classes, Gymnastics courses, indoor Court Sports and Competitions, and much more, they've really got something for everyone.

We worked with NovoActive to fully fitout the multiple gym spaces and gymnastics course. Take a look at the facility by clicking 'watch more'.

“We have worked closely with NovoFit for many years. They understand our facilities and take the time to understand the local communities we work in. Their equipment offering allows us to choose pieces that work for the diverse range of people that use our clubs.”

Graham McLaughlin
Facility Planning Manager
