

How to Retrofit a Wall-Mounted RF seeTouch® Keypad Into an Existing Home

Option #1: Replace a 3-way Switch

SCHEME A

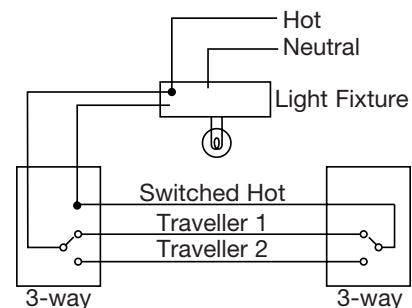

SCHEME B

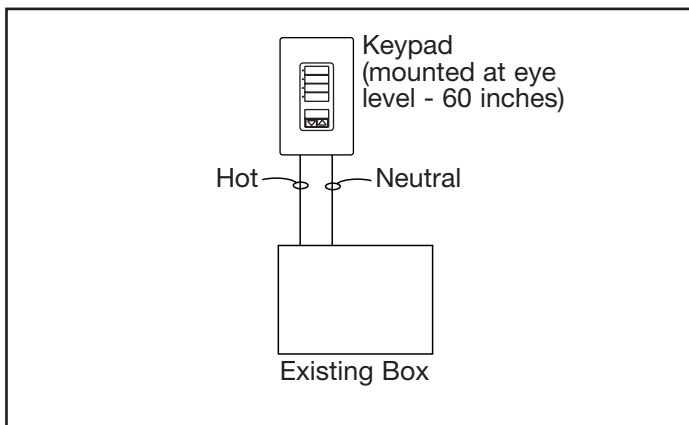

SCHEME C (DO NOT ATTEMPT)

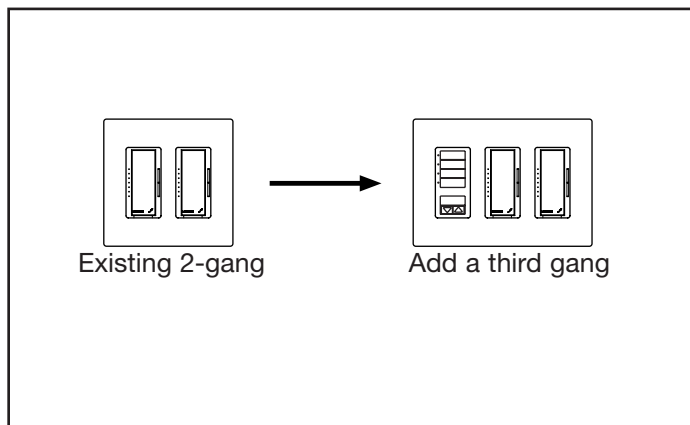

NOTE: This is an example of a wiring scheme that WILL NOT WORK when retrofitting a keypad.

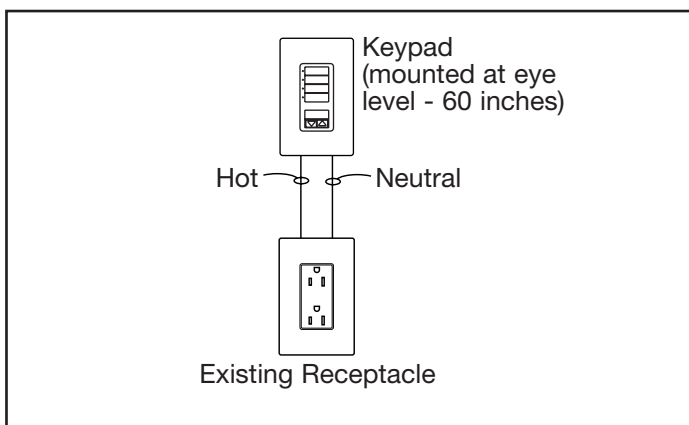

Option #2: Add a New Box Over an Existing Box

Option #3: Add a Gang to an Existing Box

Option #4: Add a New Box Over an Existing Receptacle
