

VITAMINS, MINERALS & OTHER NUTRITIONAL SUPPLEMENTS

YOUR HEALTHY SUPPORT!

# ZINC-ZN

# **DIETARY SUPPLEMENT**

Important for immune system, cognitive functions, bones, skin, hair, nails, eyesight and fertility.

Zinc-Zn tablets contain zinc, an essential micro-element, which contributes to the biological systems that carry out specific functions necessary for everyday living.

It's recommended to use Zinc-Zn tablet to help maintain:

- The proper functioning of the immune system
- Cognitive functions (memory, concentration, etc.)
- Normal protein synthesis
- · Bone, skin, hair and nail health
- Good eyesight
- · Fertility and reproduction

### **Suplemental Facts:**

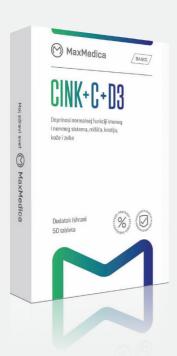

| Active Ingredient | 1 tablet | RDI* |
|-------------------|----------|------|
| Zinc              | 15 mg    | 150% |

\*RDI - Reference Daily Intake

Suggested Use: One tablet a day, with meal. One Pack: 50 tablets

# ZINC+C+D3

### **DIETARY SUPPLEMENT**

Zink+C+D3 tablets contain optimal daily doses of zinc, vitamin C and vitamin D3, the nutrients that help preserve the immunity and the overall health of the organism.

#### ZINK+C+D3 use is recommended for:

- Normal functioning of the immune system
- Protecting cells from oxidative stress
- Normal muscle functioning
- Reducing exhaustion and fatigue
- Normal psychological functions and maintaining cognitive functions
- Producing collagen
- Maintaining healthy bones, skin, gums and teeth

### **Suplemental Facts:**

| Active Ingredient    | 1 tablet | RDI* |
|----------------------|----------|------|
| Zinc<br>(zinc-oxide) | 15 mg    | 150% |
| Vitamin C            | 80 mg    | 100% |
| Vitamin D3           | 10 μg    | 200% |

\*RDI - Reference Daily Intake

**Suggested Use:** 

Recommended daily dosage is 1 tablet per day, with meals. One Pack: 50 tablets

# **SELEN-SE**

### **DIETARY SUPPLEMENT**

Selen-Se is a dietary supplement formulated on the basis of optimal daily doses of selenium and vitamins A, C, D and E.

#### Selen-Se tablets are recommended for:

- Protecting the organism from oxidative stress
- Strengthening immunity
- · Proper functioning of the thyroid gland
- Exhaustion and fatigue
- Inflammation processes
- To maintain healthy skin, mucous membrane, hair, nails and vision.
- For situations of high stress, toxicity and other harmful agents exposure (heavy metals, UV and ionizing radiation, smog, tobacco, high alcohol intake)

### **Suplemental Facts:**

| Active Ingredient                   | 1 tablet                 | RDI* |
|-------------------------------------|--------------------------|------|
| Selenium<br>(L-selenomethionine)    | 100 μg                   | 182% |

| Vitamin E (DL-a-tocopheryl acetate) | <b>8,04 mg</b><br>αΤΕ*** | 67%  |
| Vitamin A                           | 800 μg<br>RE****         | 100% |
| Vitamin D3 (cholecalciferol)        | 10 µg                    | 200% |

\*RDI - Reference Daily Intake

Suggested Use: Recommended daily dose is 1 tablet per day One Pack: 50 tablets

# **DEVITAL 2000**

FOOD FOR SPECIAL MEDICAL PURPOSES

Devital 2000 contains 2000 IU of vitamin D3 in one tablet.

It is intended as a nutritional supplement when the immune system is c ompromised and in the cases of osteoporosis, myelopathy, muscle hypotonia, autoimmune diseases of the thyroid gland, as well as for persons who are not sufficiently exposed to sunlight.

#### Devital 2000 tablets are recommended for:

- Compromised immune systems
- Osteoporosis
- Myelopathy
- Muscle hypotonia
- Autoimmune diseases
- People with insufficient sunlight exposure

#### **Suplemental Facts:**

| Active Ingredient              | 1 tablet | RDI*  |
|--------------------------------|----------|-------|
| Vitamin D<br>(cholecalciferol) | 50 µg    | 1000% |

\*RDI - Reference Daily Intake

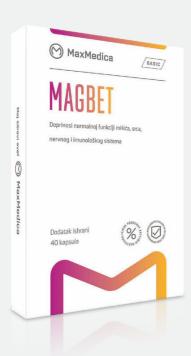

Suggested Use:

Recommended daily dosage is 1 tablet per day, with meals.

One Pack: 50 tablets

# **MAGBET**

### **DIETARY SUPPLEMENT**

Improves function of muscles, heart, nervous and immune system

Magbet capsules contain magnesium and B complex vitamins, which combined have a wide range of biological functions and are involved in numerous metabolic reactions.

#### **Suplemental Facts:**

| Active Ingredient                       | 1 capsule | RDI*   |
|---|-----------|--------|
| Magnesium                               | 375 mg    | 100%   |
| Vitamin B3                              | 18 mg     | 112,5% |
| Vitamin B5                              | 5 mg      | 83%    |
| Vitamin B2                              | 3,4 mg    | 243%   |
| Vitamin B1<br>(thiamin-hydrochloride)   | 3 mg      | 273%   |
| Vitamin B6<br>(pyridoxin-hydrochloride) | 2 mg      | 123%   |
| Vitamin B9                              | 400 µg    | 200%   |
| Vitamin B7                              | 300µg     | 600%   |
| Vitamin B12 (cyanocobalamin)            | 10 µg     | 400%   |

\*RDI - Reference Daily Intake

It's recommended to use Magbet capsules to contribute:

- To normal function of the muscles and heart
- The proper function of the nervous system
- Preserving psychological functions and mental performance
- Reducing fatigue and exhaustion
- The proper function of the immune system and the protection of cells from oxidative stress
- Normal iron metabolism
- Maintaining energy metabolism and electrolyte balance
- The synthesis of cysteine and the metabolism of homocysteine, proteins and glycogen
- Regulation of hormonal activity, normal synthesis and metabolism of steroid hormones, vitamin D and certain neurotransmitters

Suggested Use: 1 capsule a day. One Pack: 40 capsules

# **MULTI B COMPLEX**

**DIETARY SUPPLEMENT** 

Support to the nervous system, metabolism, skin, hair and nails

Multi B Complex tablets contain an optimal ratio of B complex vitamins (B1, B2, B3, B5, B6, B7, B9 and B12). These hydro-soluble vitamins participate in the protein, fats and carbohydrates metabolisms and energy production, which is necessary for the normal function of each cell in the body. It's recommended to use Multi B Complex tablets as an additional source of B complex vitamins.

#### **Suplemental Facts:**

| Active Ingredient                         | 1 tablet | RDI* |
|---|----------|------|
| Vitamin B3                                | 25 mg    | 156% |
| Vitamin B5<br>(calcium-D-pantothenate)    | 5 mg     | 83%  |
| Vitamin B2                                | 3,4 mg   | 243% |
| Vitamin B1<br>(thiamin-hydrochloride)     | 3 mg     | 273% |
| Vitamin B6<br>(pyridoxin-hydrochloride)   | 2 mg     | 143% |
| Vitamin B9<br>(pteroyl-monoglutamic acid) | 400 µg   | 200% |
| Vitamin B7                                | 300 µg   | 600% |
| Vitamin B12                               | 10 µg    | 400% |

\*RDI - Reference Daily Intake

B complex vitamins are needed:

- For proper growth and development
- For better metabolism
- In anemia caused by lack of vitamins B12 and/or B9
- For older people
- For the proper function of the nervous system
- In stress, psycho-physical effort or chronic fatigue
- For vegetarians
- To improve appetite
- Smokers and people who consume alcohol
- For the health of the skin, hair and nails
- For immunity strengthening

Suggested Use:

1 tablet a day in the morning. One Pack: 50 tablets

# VIT C

**DIETARY SUPPLEMENT** 

### Improves health of the immune system

#### Vit C is recommended for:

- Proper immune system functioning and protecting the organism from oxidative stress
- Faster recovery during and after illness (infection)
- People who don't have a balanced diet, who consume a lot of fast food or thermally processed foods
- Smokers (in order to neutralize harmful effects of the free radicals that are produced when consuming cigarettes)
- · People who are exposed to psychological or physical exertion and stress
- Anemia (vitamin C helps with iron absorption and its integration into hemoglobin)
- · Athletes and recreationists (in order to alleviate tiredness and exhaustion
- during and/or after training)
- People experiencing bone and joint pains (vitamin C contributes to the natural synthesis of collagen)
- Scurvy
- · Illness, irritations or gum bleeding

#### **Suplemental Facts:**

| Active Ingredient | 1 tablet | RDI* |
|-------------------|----------|------|
| Vitamin C         | 500 mg   | 625% |

### \*RDI - Reference Daily Intake

### Suggested Use:

1 - 2 tablets a day after meal. One Pack: 10/70 tablets.

# **MAGBET DIRECT**

**DIETARY SUPPLEMENT** 

Magbet Direct contains the ideal dose of magnesium and vitamin B complex (B1, B2, B3, B5, B6, B7, B9 and B12) inside a single packet.

Direct, simple use, pleasant lemon flavor.

Contains no sugar, artificial sweeteners or coloring.

### **Suplemental Facts:**

| Active Ingredient                      | 1 sachet   | RDI*   |
|--|------------|--------|
| Magnesium<br>(magnesium-oxide)         | 350 mg     | 93,33% |
| Vitamin B3                             | 18 mg NE** | 113%   |
| Vitamin B5<br>(calcium-D-pantothenate) | 5 mg       | 83%    |
| Vitamin B2                             | 3,4 mg     | 243%   |
| Vitamin B1<br>(thiamine-hydrochloride) | 3 mg       | 273%   |
| Vitamin B6 (pyridoxin-hydrochloride)   | 2 mg       | 143%   |
| Vitamin B9                             | 400 µg     | 200%   |
| Vitamin B7                             | 300 µg     | 600%   |
| Vitamin B12                            | 10 µg      | 400%   |

\*RDI - Reference Daily Intake

\*\*NE - Niacin Equivalents

### Magbet Direct is recommended for:

- Maintaining the normal function of the nervous system, heart, muscles and immune system.
- Stress, tension, anxiety, nervousness and insomnia
- Athletes and recreationalists (in order to maintain normal muscle function and normal energy metabolism, preventing muscle cramps, reducing exhaustion and weariness)
- Pregnant women (in order to prevent muscle cramps and reduce the possibility of premature contractions)
- Persons exposed to psychological and physical exertion
- Headaches

Suggested Use: Recommended daily dose is 1 sachet per day. The content of the sachet should be directly dissolved in the mouth. Package: 20 sachets

# **MULTI B COMPLEX DIRECT**

**DIETARY SUPPLEMENT** 

Multi B complex Direct is an added source of vitamin B complex (B1, B2, B3, B5, B6, B7, B9 and B12) in nutrition. B complex vitamins are necessary for the proper functioning of the entire organism. Direct, simple application, pleasant orange flavor. Does not contain sugar, artificial sweeteners and coloring.

### **Suplemental Facts:**

| Active Ingredient                      | 1 sachet   | RDI* |
|--|------------|------|
| Vitamin B3                             | 18 mg NE** | 113% |
| Vitamin B5<br>(calcium-D-pantothenate) | 5 mg       | 83%  |
| Vitamin B2                             | 3,4 mg     | 243% |
| Vitamin B1<br>(thlamine-hydrochloride) | 3 mg       | 273% |
| Vitamin B6 (pyridoxin-hydrochloride)   | 2 mg       | 143% |
| Vitamin B9                             | 400µg      | 200% |
| Vitamin B7                             | 300 µg     | 600% |
| Vitamin B12                            | 10 µg      | 400% |

\*RDI - Reference Daily Intake

\*\*NE - Niacin Equivalents

Multi B complex Direct is recommended for:

- The purpose of preserving the normal functioning of the nervous system, the immune system and psychological functions
- Elderly persons (due to reduced vitamin B absorption from nutrients)
- School aged children (for proper development during intensive growth periods)
- Vegans and vegetarians
- Persons who are exposed to psychological or physical exertion (to reduce stress, tension, help with fatigue and exhaustion)
- Anemia which is caused by a deficiency in vitamins B9 and/or B12
- · Skin, hair and nails care

#### Suggested Use

Recommended daily dose is 1 sachet per day. The content of the sachet should be directly dissolved in the mouth. Package: 20 sachets

# ZINC+C+D3 DIRECT

**DIETARY SUPPLEMENT** 

Zink+C+D3 Direct contains the optimal daily dose of the 3 nutrients that are the most important for immunity in one package (zinc, vitamin C, vitamin D). Synergistically these three active principles contribute to strengthening your immunity and your organism's defensive abilities. Direct, simple use, pleasant orange flavor.

Contains no sugar, artificial sweeteners or food coloring.

Zink+C+D3 Direct is recommended for the purposes of:

- Normalizing the immune system function
  Speedier recovery during and after illness
- Prevention and health maintaining in people who are prone to frequent infections
- Protecting cells from oxidative stress
- Normalizing muscle function
- Reducing exhaustion and weariness
- Normal psychological functions and maintaining cognitive functions

### **Suplemental Facts:**

| Active Ingredient                                | 1 sachet    | RDI* |
|--|-------------|------|
| Zinc<br>(zinc-gluconate)                         | 15 mg       | 150% |
| Vitamin C (L-ascorbic acid and sodium-ascorbate) | 500 mg      | 625% |
| Vitamin D  | 10 μg/400IU | 200% |

Suggested Use:
Recommended daily dosage
is 1 sachet per day.
The content of the sachet should be
directly dissolved in the mouth.

# VITAMIN C DIRECT

**DIETARY SUPPLEMENT** 

Vitamin C Direct is formulated to contain 500 mg of vitamin C (sodium-ascorbate and L-ascorbic acid) with the addition of black elderberry fruit extract. Black elderberry as a natural source of flavonoids and vitamin C, contributes to the normal function of the immune system and enhances your organism's defensive capabilities. It helps with viral infections (preventively reduces the possibility of developing and spreading viral infection, and therapeutically strengthens the immune system for the purpose of faster recovery or after the infection). Direct, simple use, pleasant cherry flavor. Contains no sugar, artificial sweeteners or coloring.

### **Suplemental Facts:**

| Active Ingredient  | 1 sachet | RDI* |
|--|----------|------|
| Vitamin C (L-ascorbic acid and sodium-ascorbate)                   | 500 mg   | 625% |
| Dried extract of black<br>elderberry fruit<br>(Sambucus nigra) 4:1 | 200 mg   | /    |

\*RDI - Reference Daily Intake

#### Suggested Use:

Recommended daily dose is 1 sachet per day. The content of the sachet should be directly dissolved in the mouth. One pack: 20 sachets

Vitamin C Direct is recommended for:

- Proper immune system functioning and protecting the organism from oxidative stress
- Faster recovery during and after illness (infection)
- Smokers (in order to neutralize harmful effects of the free radicals that are produced when consuming cigarettes)
- People who are exposed to psychological or physical exertion and stress
- Anemia (vitamin C helps with iron absorption and its integration into hemoglobin)
- Scurvy
- · Illness, irritations or gum bleeding

# **DEVITAL 2000 DIRECT**

FOOD FOR SPECIAL MEDICAL PURPOSES

Devital Direct 2000 is formulated based on vitamin D3, quercetin, selenium and acerola fruit extract as a natural source of vitamin C. Vitamin D is a liposoluble vitamin that contributes to the normal absorption (usage) of calcium and phosphorus and normal calcium levels in the blood. It is necessary for the proper mineralization of the bones and teeth and proper functioning of the immune system and muscles. Quercetin is a bioflavonoid which can exhibit anti-oxidative, anti-inflammatory, immunomodulator, antiviral and anti-allergenic effects. Selenium is an essential microelement that contributes to the proper functioning of the immune system, and participates in protecting the cells from oxidative damage as well as regulating thyroid hormone metabolism (thyroid gland hormones). Acerola is one of the richest sources of Vitamin C in nature.

**Suplemental Facts:** 

| Active Ingredient  | 1 sachet      | RDI*  |
|--|---------------|-------|
| Vitamin D3<br>(cholecalciferol)  | 50 μg/2000 IU | 1000% |
| Quercetin  | 70 mg         | /     |
| Selenium<br>(Na-selenite)  | 100 µg        | 182%  |
| Dried acerola fruit<br>extract ( <i>Malpighia</i><br><i>glabra</i> )<br>standardized to<br>25% vitamin C | 320 mg        | 100%  |
| of which vitamin C<br>amounts to   | 80 mg         |       |

\*RDI - Reference Daily Intake

Devital Direct 2000 is recommended for:

- People with compromised immune systems
- Osteoporosis
- Myelopathy
- Thyroid gland autoimmune diseases
- Allergies
- People with insufficient exposure to sunlight

Suggested Use:

Recommended daily dose is 1-2 sachets per day. Dissolve the contents of the packet directly in the mouth.

# **FEROFOL**

# **DIETARY SUPPLEMENT**

Ferrofol contains chelated iron (iron bisglycinate) which enables maximum absorption with excellent gastrointestinal tolerance. Intended for women of reproductive age, women who are planning a pregnancy, pregnant women, athletes, blood donors, people who do not get enough iron in their diet.

### **Suplemental Facts:**

| Active Ingredient                                | 1 capsule       | RDI*  |
|--|-----------------|-------|
| Dry acerola fruit extract<br>Vitamin C           | 200 mg<br>50 mg | 62,5% |
| Iron (II)-bisglycinate                           | 20 mg           | 143%  |
| Vitamin B6 (on form of pyridoxine hydrochloride) | 2,8 mg          | 200%  |
| Folic acid (as pteroylmo-<br>noglutamic acid)    | 400 μg          | 200%  |
| Vitamin B12<br>(cyanocobalamin)                  | 5 μ <b>g</b>    | 200%  |

\*RDI - Reference Daily Intake

#### Suggested Use:

Adults, pregnant women, nursing mothers and children older than 12 years: 1 capsule daily, regardless of meals.
Treatment lasts 3-5 months until normalization of hemoglobir is achieved.

# **COENZYME Q10**

# **DIETARY SUPPLEMENT**

### For overall body vitality.

Coenzyme Q10 is a substance naturally found in cells and tissues of the human body and it's necessary for their proper functioning. It affects the metabolic processes and has an antioxidant role.

### **Suplemental Facts:**

| Active Ingredient | 1 capsule | RDI* |
|-------------------|-----------|------|
| Coenzyme Q10      | 30 mg     | /    |

\*RDI - Reference Daily Intake

\*RDI not established

### Suggested Use:

One capsule per day with a meal. One Pack: 30 soft gelatin capsules

# **OMEGA MAX KIDS**

### **DIETARY SUPPLEMENT**

Liquid diet supplement based on fish oil, rich with omega-3 fatty acids

Omega Max Kids contains DHA which helps maintain the normal function of the brain and healthy vision. These beneficial effects are achieved with the daily dose intake of 250 mg of DHA.

EPA and DHA contribute to normal heart functioning. The beneficial effects are observed with the daily dose intake of 250 mg of EPA and DHA.

#### Suplemental Facts:

| Active Ingredient              | 1 ml   | 1,5 ml | 2,5 ml | 5 ml   | RDI* |
|--------------------------------|--------|--------|--------|--------|------|
| Eicosapentaenoic<br>acid (EPA) | 147 mg | 221 mg | 368 mg | 736 mg | /    |
| Docosahexaenoic<br>acid (DHA)  | 97 mg  | 145 mg | 241 mg | 483 mg | /    |

\*RDI - Reference Daily Intake

#### Suggested Use:

Infants aged 6mo - 1yo - 1ml of oil per day (infants younger than 6 mo only per doctor's recommendation)

Ages 1-3 - 1,5 ml of oil per day

Ages 4-18 - 2,5 ml of oil per day

Ages 18 and up - 5 ml of oil per day

One Pack: 100 ml

<sup>\*</sup>RDI not established

# **OMEGA VITE**

**DIETARY SUPPLEMENT** 

Contributes to the maintenance of the functions of the cardiovascular, nervous and immune system

Omega Vite contain omega-3 fatty acids (EPA and DHA), zinc and vitamin E EPA and DHA contribute to normal heart function. The beneficial effect is achieved by ingesting 250 mg of EPA and DHA. They lower the level of bad cholesterol (LDL), triglycerides, while increasing the level of good cholesterol (HDL). They have a beneficial effect on maintaining the health of the cardiovascular system. They have a cardioprotective effect on healthy people, as well as on people who are at high risk or already have cardiovascular diseases. Omega-3 fatty acids are necessary for the structure of cell membranes and the development of the nervous system (especially DHA, which is the main fatty acid in the gray matter of the brain.)

#### **Suplemental Facts:**

| Active Ingredient  | 1 capsule                   | 2 capsules                  | RDI* |

\*RDI - Reference Daily Intake

Suggested Use: It is recommended to take 1-2 capsules daily with a meal. One Pack: 60 soft gelatin capsules

# CILANTRO-X

# **DIETARY SUPPLEMENT**

### For full body detox

Cylantro-x tablets contain coriander herb extract. This plant, apart from being used for a long time, is also used in traditional medicine in the treatment of digestive and urinary system diseases, as a natural anthelminthic (for intestinal infections caused by parasites), in insomnia and as an aphrodisiac. It's believed that the coriander eliminates heavy metals from the body.

### It's recommended to use Cilantro-x tablets:

- For detoxification
- As a help with urinary infections
- For a better digestive function
- As a help for intestinal infections
- As aphrodisiac
- For insomnia

### **Suplemental Facts:**

| Active Ingredient  | 1 capsule | RDI* |
|--|-----------|------|
| Dry extraxt of herb coriander<br>(Herba Coriandri Sativi) 10:1 | 50 mg     | /    |

\*RDI - Reference Daily Intake
