

MTD800R ÄRA

Award-winning silent and motorless treadmill, combined with a free-standing premium desk. The maintenance free treadmill can easily be repositioned. The desk is continuously adjustable in height and can also be moved back and forth.

The desk matches the treadmill perfectly in terms of appearance, because its feet are made of the same wood as the treadmill.

PRODUCT AWARDS

AVAILABLE PRODUCT VERSIONS

Freestanding Premium Desk

Stable freestanding desk with electric and continuous height and depth adjustment.

Unparalleled silence

First and only silent treadmill on the world market. Can be used in quite working environments.

Functions without electricity

Patented motorless design. Gravity driven self-propelled operation enables intuitive use.

Advantages

Suitable for home offices, business and other work areas. Intuitively understood in minutes by any age group. Easy to reposition.

Handmade in Germany

Handmade in Walkolution's own high-tech factory in southern Germany. Exclusive usage of solid sustainable materials.

Maintenance free

Industrial grade steel components enable intense daily usage without maintenance. Scratch resistant coating.
