

# SYNA

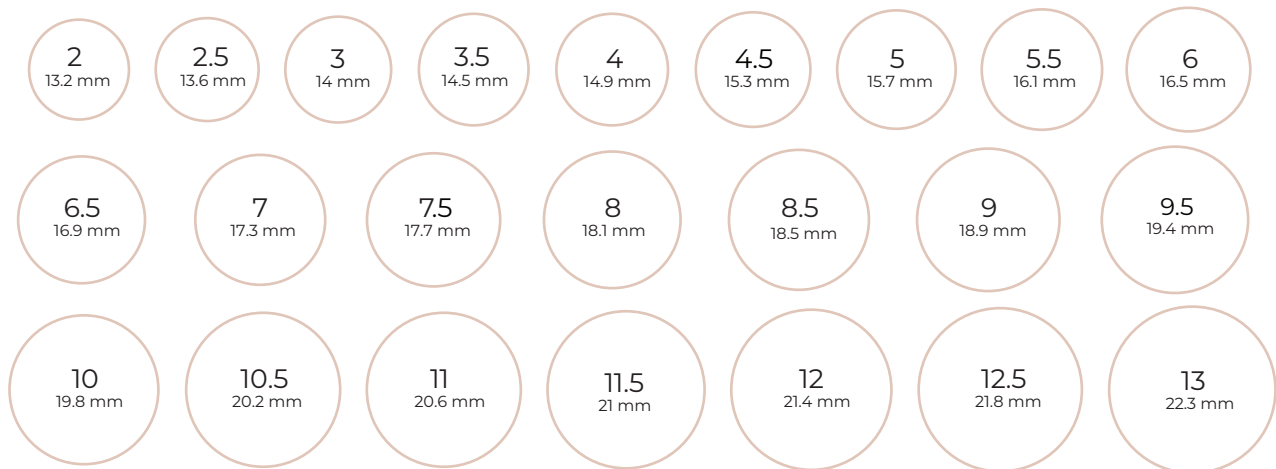

## Ring Size Guide

Before using the ruler to find your fit, make sure this guide is printed on US Letter size paper (8.5" x 11") and scaled to 100%. To check the accuracy of your printout, position a credit card on the line below. The scale is correct if the credit card and line length match.

### Measure By Matching Your Current Ring

1. Select a ring you already own that perfectly fits the finger on which you will wear your Syna ring.
2. Align your ring with the circle below that mostly closely matches in size. The inner edge of your ring should align with the outer edge of the circle. This number is the inside diameter of your ring.
3. If your ring appears to be between two sizes, we suggest you choose the larger size.

### Measure Your Finger With Paper Sizer

Carefully cut along the outline of the sizer. Make a small slit on the line on the left end of the sizer.

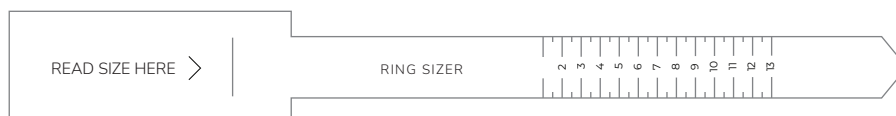

Wrap the sizer around the intended finger with the numbers facing out.

Move the sizer to the larger part of the finger and pull tightly. The sizer must fit snugly to produce an accurate size.

The number that lines up with the slit represents the ring size for that finger.

Please note that this ring size chart is for reference only. Syna cannot be held liable for any errors that occur as a result of using this chart.
