Reduce Glass Cleaning Time By Up To 90%

What is Enduroshield?

EnduroShield's easy clean protective coating creates an ultra-long lasting shield on all glass surfaces, reducing cleaning time by up to 90%.

EnduroShield helps protect against staining, build-up and etching from salt, chlorine spray, soap, limescale, dirt and grime.

EnduroShield is an ultra-thin transparent coating that completely adheres to the glass surface and provides protection that will repel both water and oil based stains. Similar to a non-stick fry pan, cleaning is made easier using only water and a mild detergent or with a microfibre cloth.

For best results, use a squeegee to remove any water drops from the glass after cleaning. EnduroShield makes cleaning a breeze. It will also keep the glass looking cleaner for longer in between cleans!

Factory Applied 10-Year Onsite Warranty

All of our glass is available with EnduroShield. It is professionally applied by our trained technicians in a specially designed section of our warehouse, which means we can pass on a full 10-year warranty on the EnduroShield coating.

GLASS TREATED EnduroShield GLASS UNTREATED
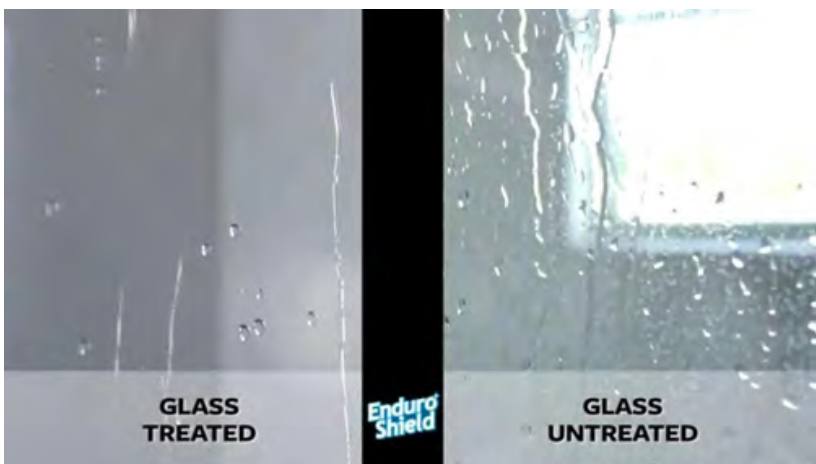

- One-time application
- 10-year warranty
- Scratch and stain resistant
- 90% less cleaning time
- Easy to maintain
- Glass stays cleaner longer

Factory-applied ENDUROSHIELD costs 30% less than the onsite DIY option - and has 3x the warranty!

Spigots - Value Range

Suitable for Glass Pool Fencing

PRODUCT SPECS

- Friction Fit—does not need holes in glass
- Pricing includes cover plate
- 2205 stainless steel
- **Independently tested and certified by NATA to be fully compliant with Australian Standards for pool fencing applications**
- All mirror-polished to improve corrosion resistance

Shipping

At Trade Glass Depot, we're experts at shipping your products around Australia and around the world. We ship Australia-wide, door-to-door, fully insured. You don't wear the risk. All of our glass shipments are packed individually for you, to ensure that the glass specific to your project is very well protected.

Our packing is designed to ensure that your glass arrives in perfect condition. Packing and material costs start from $90 per crate (excluding GST). Here are some representative prices for large shipments, including delivery times. Don't worry if your city isn't on this list – we ship everywhere. Please contact us for more information.

Notes

The Last Page

Do you need a product that's not on our list?

We stock a wide range of other glass pool fencing and glass balustrading products.

If you need something that's not in this list—whether it's glass, hardware, consumables, anything else—please call us: chances are we've got it waiting for you, and if we don't, we can probably get it for you fast.

We are also continually expanding our product lines. Please let us know what you want so we can make sure the products you want are the next ones we keep in stock.

Volume Discounts

If you're thinking of buying large quantities from us on a regular basis, we'd love to talk to you about earning your business. We offer tiered pricing discounts depending on the volume you buy. Please call us to discuss.

Disclaimer

We've done our best to double check that the products, descriptions and prices contained in here are right at the time of publication. However, we're human, and while we try to be very careful, we do occasionally miss something. Therefore, please keep in mind that this document can change at any time, and that we can't be forced to provide anything to you on these terms.

However, we really do try to honour our terms wherever we can, and if we have made a mistake, we commit to let you know right away and to do our best to make it right and get what you need when you need it at a great price.

And please: do contact us with any questions

We'd love to have a chat. We're here to help.

If you have any questions, please call us on: 1300 889 375. Or email us. Or go online.

But please do get in contact when you're ready. We think you'll be very pleasantly surprised.

Thank you from the team at Trade Glass Depot
