For Every Season of Your Life®

2024 Furniture Collection

durable

Breezesta poly has the look and feel of authentic wood, but unlike wood, is guaranteed for a lifetime not to crack, splinter, chip, peel, or rot.

eco-friendly

Our purpose is to repurpose. Breezesta furniture includes recycled plastic and is recyclable itself. This keeps plastic out of landfills and oceans.

sunguard technology

Backed by a 3-year no-fade warranty, our poly lumber maintains its rich color with an infusion of specially formulated color pigments and ultraviolet stabilizers and inhibitors.

weather resistant

Sun, wind, rain, salt spray—Breezesta withstands the seasons and their elements.

low maintenance

No painting, staining, or sealing of the poly is needed. Occasional inspection and cleaning is recommended to keep your furniture looking like new.

Why Breezesta?

First job. First home. First baby. First promotion or first day of retirement. Life is full of firsts. Some inspire us to celebrate, and some require us to escape. We love to be outside because there's something about a light breeze on our skin and the warm sun on our face that nurtures our need to connect, to the natural world around us, to our families and friends.

Breezesta connects you and your family to the outdoors with beautiful, durable furnishings. From traditional to contemporary, neutral to bold, our furniture styles and colors make it easy to create a comfortable outdoor oasis that reflects your personality and style. And as your life evolves—with kids, weddings, second homes—it's easy to add new pieces to enhance your enjoyment and meet the needs of your lifestyle.

And not only does Breezesta look good, it's good for the environment too. All of our furniture is sustainable, built with poly lumber created in part from millions of milk jugs that would have otherwise gone to a landfill. Made in America and crafted with attention to detail, it's easy to maintain, and designed to be with you for every season of your life.

Our Materials

Premium HDPE

Breezesta furniture is made from a proprietary blend of virgin and post-consumer and post-industrial recycled high-density polyethylene (HDPE) lumber. Breezesta uses larger lumber profiles to craft durable, strong, and generously proportioned furniture made for all people. Our tables and benches have lots of aluminum reinforcement underneath to ensure a lifetime of enjoyment. The final construction is the ultimate in weather-resistant furniture.

Best in Joinery

Sur-Lok joint mortise-and-tenon construction, typically seen in fine woodworking, is used in all our furniture pieces to ensure a refined design, additional sturdiness, and less fasteners. In fact, our color-matched, powder coated, rust-resistant stainless steel fasteners are so subtle or entirely hidden that all you focus on is the rich color and stylish design of the furniture. Fasteners come with a **2-year no-corrosion warranty**. No one else offers that!

Fade-free Color

Breezesta's color visual and quality is second to none on the outside and inside. Highly saturated color is infused throughout the lumber so there's no worrying about white marks from scratches or nicks! Sunguard Technology, our proprietary formulation of ultraviolet inhibitors and stabilizers mixed with color pigment, protects the furniture from fading. We are the only manufacturer to **guarantee no fading for 3 years!** And because Breezesta makes its own poly lumber, the result is a unique surface graining with beautiful wood realism.

Lifetime Quality Promise

Although Breezesta looks like hardwood, it doesn't have any of the drawbacks: it is easier to maintain and is **warranted against cracking, splintering, chipping, peeling, and rotting**. Similarly, it has excellent advantages over natural or resin wicker and aluminum outdoor furniture. Perhaps, best of all, you have the peace of mind that it won't blow away or get damaged.

We're very proud of our quality materials and craftsmanship, and we stand behind them! All Breezesta furniture comes with a **limited lifetime warranty**, so you'll be able to relax in style for years to come. For full warranty details visit breezesta.com/warranty.

Captivating Color

Nothing captures your personal style like the perfect color. That's why Breezesta offers the largest, exclusive color selection of recycled poly in the industry. Choose from 20 unique earthy, tropical, and primary colors - and everyone of them "green."

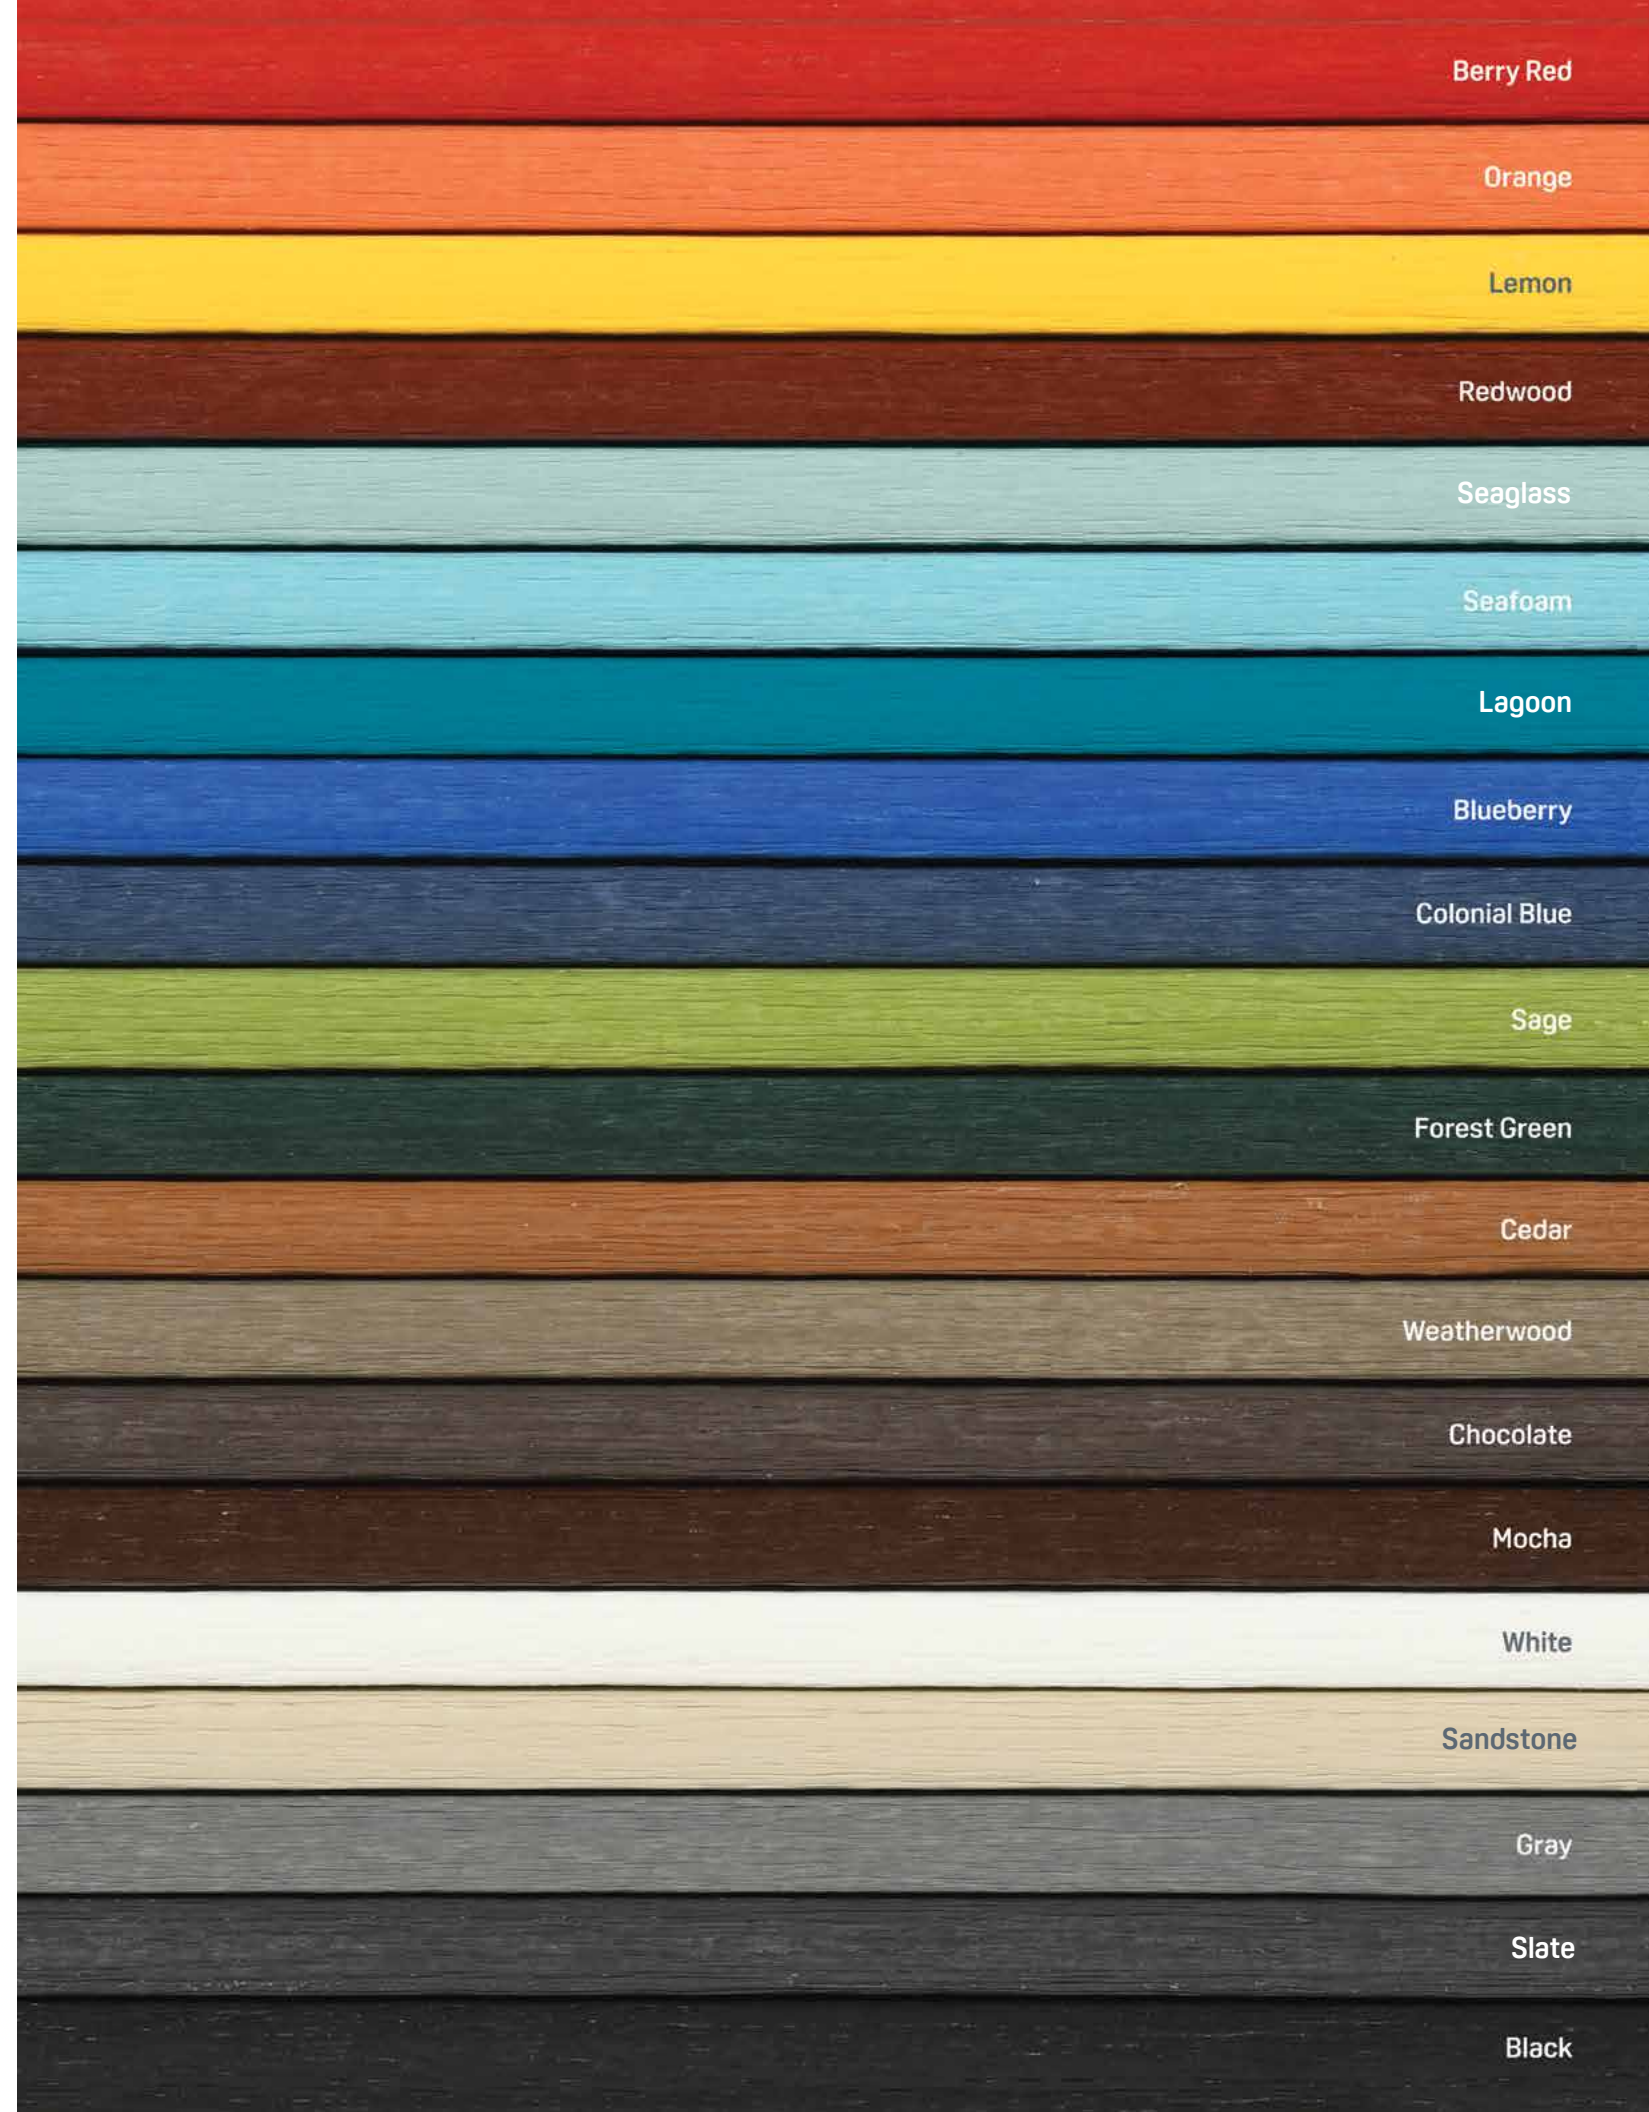

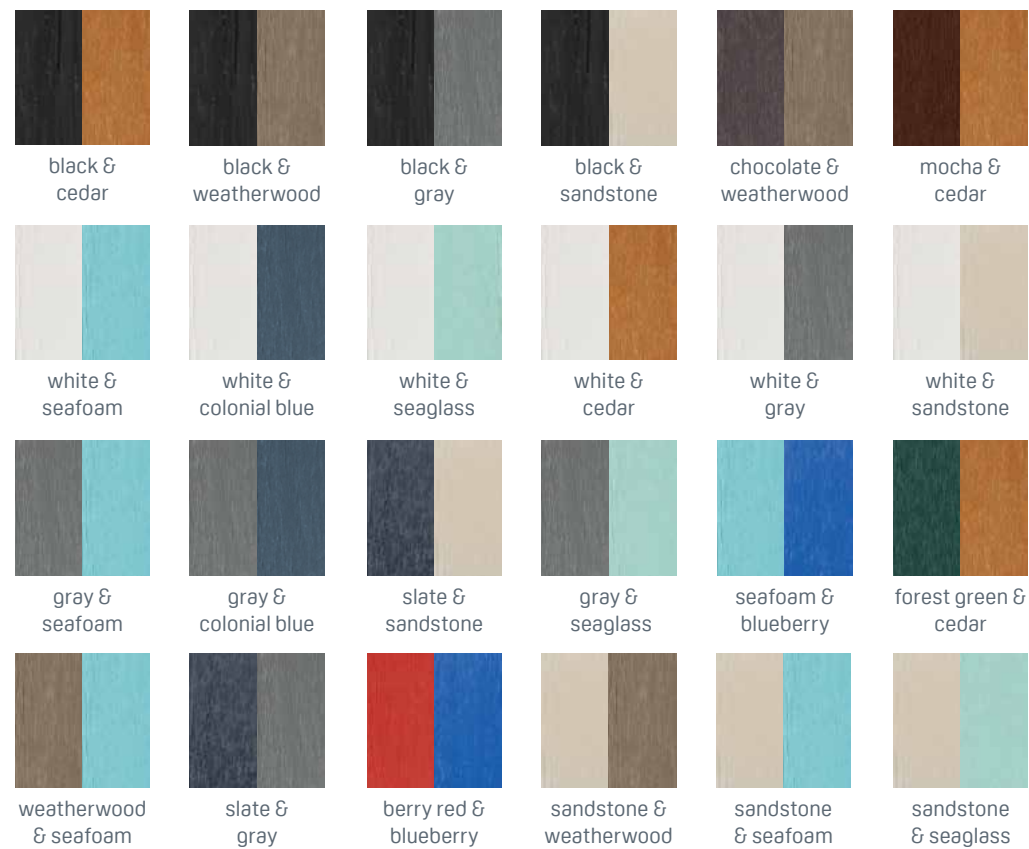

Our most recent irresistible color launches, Seaglass and Lagoon are quickly becoming new favorites! Seaglass is soothing, tranquil, and sophisticated, reminiscent of a relaxing spa environment, while Lagoon is mysterious and vibrant, calling to mind a private beach paradise with hypnotic turquoise waters. Both colors are sure to be new favorites!

Do you enjoy the freedom to choose with no limitation? Breezesta offers the most extensive mix-and-match color combinations of any outdoor poly furniture manufacturer. You can pick any 2 colors together - we call it multi-color. For color pairing inspiration, review our top selling color combinations below for the one that suits your vision of your outdoor space.

How to Order Custom Multi-Color Items

1. Select your item.
2. Choose your frame color.
3. Choose your seat/back slats color or your tabletop color.

Also, Breezesta is what environmentalists call a “full circle” product. It’s not just made with post consumer recycled plastic, it includes post industrial recycled plastic and it’s recyclable itself!

Breezesta will last season after season, but if you are ready to recycle it, simply remove the hardware before disposal. We consciously make these sustainable choices so you can have peace of mind about the impact of your purchase.

Visit [Breezesta.com](https://www.breezesta.com)
and see how we transform used plastic
bottles into our colorful furniture.

A Sustainable Choice

Purchasing Breezesta furniture is a choice you can feel great about!

Our purpose is to repurpose. Each year we remove millions of pounds of plastic from America’s waste stream that would otherwise accumulate in waterways and landfills. At our own recycling plant Trigon Plastics, we sort and convert milk jugs (#2 HDPE) into our poly lumber formula and sell off all other plastic bottles for industrial usage.

We are proud to be doing our part for the environment and our planet's future. Thank you for contributing to this mission by opting for Breezesata furniture.

tête-à-tête - *face-to-face fun*

French for head-to-head, cozy conversation is a given with our Tête-à-Tête table top. This piece attaches easily to practically any of our chair arms to form a complete seating arrangement. The tete-a-tete can be permanently secured in place with hardware or be used with the sliding levers underneath for easy repositioning. Match the table top to your chair color, or select a complementary color, then add an umbrella and base (not included) to create an instant intimate space for two.

The Tête-à-Tête is specifically made for chairs in the Coastal Collection – Coastal Adirondack, Coastal Upright, and all heights of the Coastal Dining Chairs. It also functions perfectly with Chill Chairs and is well suited to the Shoreline and Contemporary Adirondacks.

Share a snack, share a secret, or share a moment. With the Tête-à-Tête, you'll find a reason to celebrate every day!

elementz blaze - *discover the heart of every gathering*

Introducing the new “golden ratio” fire table, designed to be the most aesthetically appealing rectangular shape based on the principles of geometry. It is suitable for smaller spaces without sacrificing function. For your dining pleasure, full size dinner plates fit on the ends while other 7” plates, bowls, platters, or pitchers can be placed on the long sides. At conversation height, this is another versatile entertaining table that pairs with any of our deep seating, adirondack, or other chat chairs.

Includes a 55,000 BTU burner unit, control panel, tempered glass guard, clear, fire-glass beads (10 lbs), a premium polyester table cover, and even a natural gas converter. It features a user-friendly, wheeled, pull-out drawer that can hold an upright propane tank. A glass burner cover is sold separately. This accessory is recommended to extend usable surface area, keep large debris out, and protect hands from a hot burner just turned off.

elementz starz - discover the heart of every gathering

The Starz fire table is perfect for intimate dining and entertaining in all four seasons. Gaze at the fire on a chilly night or hang with friends all summer long. The 48" round table can accommodate full size 11" dinner plates around the burner for supper under the stars. It's the perfect conversation height for pairing with any classic Adirondack or Upright, Chill Chat chairs, or one of our club chairs.

Includes a 55,000 BTU burner unit, control panel, tempered glass guard, clear, fire-glass beads (10 lbs), a premium polyester table cover, and even a natural gas converter. It features a user-friendly, wheeled, pull-out drawer that can hold an upright propane tank. Extend the table's surface area for dining with our glass burner cover, sold separately. The cover does double-duty by keeping large debris out and protects little ones from touching a hot burner shortly after the flame is turned off.

maintenance

Breezesta poly lumber is durable and virtually maintenance-free. It will never need to be painted or sealed because it will never stain or rot. It cleans up easily with a water hose or with a soft-bristled brush and a mild cleanser. High-pressure washers (with no more than 1,500 psi) can also be used when necessary. Even in harsh outdoor conditions—such as seaside homes where furnishings are exposed to wind, salt, and sand—our furniture needs very little care to maintain its beauty. Just another way Breezesta is made for relaxing.

To learn how to protect your investment, to properly care for the furniture and hardware, and when to use our specially formulated spray bottle products, please access the Care & Maintenance Guide on [Breezesta.com/care-maintenance](https://www.breezesta.com/care-maintenance).
