

# ActionMEMBERSHIP Payment

ActionMEMBERSHIP is a subscription-based product that allows subscribed members access to ActionCLUB content over a specific period of time.

## Payment

We use **credit cards, Visa Debit, Debit Mastercard** for payment of ActionMEMBERSHIP. Our payment system is recurring and once first payment is made an automatic charge will be processed on the card used. This will happen at each period interval (Weekly, Monthly, etc) of the subscription until cancellation.

## How it Works.

1.

Once the product is purchased on the MWC shop website ([shop.mwc.associates.com](http://shop.mwc.associates.com)) you will get a digital download with the link to activate the recurring payment.

2.

The link will take you to the product page on our recurring payment partners TiloPay. On this page you will see all the information for the actual product including the price with GCT and the period intervals (Weekly, Monthly etc) the card will be charged.

3.

Once all the necessary information and the first payment is process you will get a product welcome email with 24 hours of purchase. This email will include your receipt and all other products/material for your subscription.

## Cancellation

Cancellation of subscription should be sent by email 1 week prior to the next chargeable period/date.
