**E-DESIGN** by Fronteriors DESIGN STUDIO

## About

E-design is a virtual decorating service that offers the opportunity to create a custom space without retaining full service interior design. All recommendations are sourced from online resources relevant to your location, no matter where you are in the world. The process is quick, easy and offers a comprehensive solution for a flat fee.

The service is ideal for room makeovers of bedrooms, bathrooms, home offices and living spaces. We also offer E-design for kitchens which will include basic space planning and layout for the kitchen, as well as recommendations for flooring, wall colours and finishes, countertops and any furniture or styling pieces required to complement your kitchen design. This differs from our kitchen consultation service / ordering service which focuses only on your kitchen layout and the Fronteriors components needed for it. **IMPORTANT NOTE** : all of our services for kitchen and bathroom design **DO NOT** include any responsibility for mechanical, electrical, or plumbing requirements. MEP works should be planned in consultation with the IKEA kitchen team and/or your appointed contractor.

## What's included

- 30 minute design consultation by video call (per room)
- Custom design proposal including mood board, elevations floor plan & shopping list with links to products relevant to your location.
- For kitchen E-designs, we will also create a draft version of the IKEA plan which will need to be finalized and purchased with the kitchen team at your nearest IKEA store.
- One round of revisions

## The Process

- On receipt of your form (submitted via our website) we should have a basic understanding of the scope of work and will reply with a price and payment link for your e-design project.
- Once payment is received, we will schedule the call to discuss your project in more detail and will request any further information required. Note that we may record the video call for reference purposes.
- The design work will commence on receipt of all necessary information requested from you. Allow 7-10 working days to receive your e-design pack.

## The costs

Pricing starts from AED 5,500 per room.

The total project value is determined by the scope of work and your budget. We offer optional add-ons, like 3D renders which start from AED 650 per render.

Please note that the fee quoted covers the e-design package only. It does not include the cost of products and other services recommended for the design (painting, DIY, etc.)

## Terms & conditions

1. The design process will begin on receipt of payment and all requested information. Please note that due to the nature of design services, fees are non-refundable.

# fronteriors.

2. Changes to the design after the first (included) round of revisions may incur additional charges.
3. Additional charges may be applicable in case of open layouts.
4. Whilst we will make every effort to ensure the availability of items prescribed in the design at the time of finalizing the document, Fronteriors cannot guarantee the pricing or availability of merchandise in a clients' product shopping list.
5. Our design services for kitchens and bathrooms DO NOT include any responsibility for mechanical, electrical, or plumbing works. MEP works should be planned in consultation with the IKEA kitchen team and/or your appointed contractor.
6. Fronteriors does not incur any responsibility for quality, methods or procedures of construction, fabrication, lead times, delivery and installation, or safety precautions in connection with the e-design project; for the acts or omissions of any contractor, supplier or other person performing any work related to the project, including but not limited to any persons or company recommended by Fronteriors)
7. All drawings, concept and mood boards are strictly representations. Due to the nature of the programs used, colours on screen may vary slightly from actual colours.
8. Fronteriors orders over the value of AED 5,000 are eligible for a 5% discount; and orders over AED 10,000 a 10% discount.
9. Any shipping charges for online purchases are the responsibility of the client. With the exception of Fronteriors products, prices quoted in the e-design shopping list are exclusive of shipping fees.
10. Fronteriors cannot be held responsible for arranging repairs, replacement or freight claims for purchases made for E-design projects.
11. E-design clients agree to correspond primarily via online communication (email, video call, WhatsApp, etc.) in order to create a design that meets your individual style, space, and budget. Please allow 24 hours for replies to any communication.
12. The client agrees to provide all information requested for the project.
13. We will strive to design a room that you will love, and encourage you to provide as much information as possible to assist with this process. Photographs of your existing space and Pinterest boards of your desired style are most helpful.
14. Fronteriors reserves the right to use any e-design materials prepared for a client on our website and/or social media channels.
15. On completion of the project, Fronteriors may request the client's permission to photograph or use any of the client's photography of the room(s) for inclusion on the website and/or social media channels. In such cases, we will not share personal information or photographs of the client and/or their family members.
