## Product description

The rail which is available in white or clear anodised aluminium is only 21mm in height and is suited to a traditional/classic interior.

It's very easy to use and hides it's fixings with specially designed screw-caps to give a discreet finish.

## Applications

The Beta system is a strong picture hanging system, the system is best suited to featured pieces, large pictures with gilded frames or heavy mirrors. The rigid hangers not only provide strength but make a bold statement of elegance and highlight the system as a feature.

## Features

- Aluminium rail
- Dimensions: 9mm (D) x 21mm (H)
- Capable of carrying loads of up to 30kgs per lineal meter
- Available in white or silver finish
