Product description

The Locator Classic system has the original basic design on which the range has been built. The rail which is available in white or clear anodised aluminium is only 25mm in height and is suited to blend in to a stylish minimal interior.

It's very easy to use and hides it's specially developed fixings within the rail to give a smooth discreet finish.

Applications

The rail has been successfully used in many applications and is very similar to the Locator Minirail which is a re-engineered version.

Features

- Aluminium rail
- Dimensions: 9mm (D) x 25mm (H)
- Capable of carrying loads of up to 25kgs per lineal meter
- Available in white or silver finish
