Product description

The Locator Extra system is has an extended face so the top of the rail touches the ceiling. The rail which is available in white or clear anodised aluminium is only 32mm in height and is suited to blend in to a stylish minimal interior.

It's very easy to use and hides it's specially developed fixings within the rail to give a smooth discreet finish.

Applications

This rail has been developed purely for installing to the corner of a square-set ceiling, square-set with a shadow-line (P50/P60) should use a different rail installed a minimum of 20mm down from the ceiling line to maintain the consistency of the shadow-line feature.

Features

- Aluminium rail
- Dimensions: 9mm (D) x 32mm (H)
- Capable of carrying loads of up to 25kgs per lineal meter
- Available in white or silver finish
