-

Scope of Use

The Sliding shower door sets are designed for internal use only. They are suitable for residential and commercial installations. They are designed to be installed on Clearlite shower trays but may be used with other trays of similar specifications or on tiled floors.

Conditions of Use

- If the Sliding Door set is to be installed on a Clearlite shower tray with tiled walls the Door set must be installed directly to the water proof membrane to ensure fitment within the tray's upstands.
 - Only the Adhesives & Sealants supplied by the manufacturer must be used in the installation
 - Any Plumbing must be carried out by a certified Plumber
