

 **BLAUPUNKT**

**2.1 CHANNEL** DOLBY SOUNDBAR  
WITH WIRED SUBWOOFER

*Enjoy it.*

# USER MANUAL

Thank you for purchasing this Sound Bar, Please read this instruction manual carefully before using this product to ensure proper use. Keep this manual in a safe place for future reference.

A compact yet powerful Bluetooth soundbar with sleek looks and excellent audio response. 4 built speakers, 1 woofer provide clarity across a broad frequency range, with crisp highs and deep bass that belie the unit's size. An integral USB port enables playback of MP3/WAV files directly from compatible media, with further flexible input options including Aux, HDMI(ARC), Optical and Bluetooth. A convenient and cost-effective TV audio upgrade that doesn't compromise on performance.

- » Slender and stylish metallic grey design
- » Built-in 2.1 channel amplifier with 3 EQ presets
- » Versatile input options to support a range of devices
- » USB port for MP3 and WAV media playback
- » Remote control and Aux cable included
- » Built-in Dolby decoding technology

## Input Functions

- » **Power on/off:** Press the Power on/off button on the remote control or soundbar control panel to turn the unit on and off.
- » **HDMI(ARC):** Connect an HDMI ARC compatible device to the HDMI(ARC) port on the soundbar using a HDMI cable (not supplied). Select HDMI(ARC) mode either by pressing the HDMI(ARC) button on your remote control or repeatedly pressing the MODE button on the soundbar control panel until ARC is displayed on the LED display. Ensure HDMI ARC is selected as the TV's audio output, then adjust the volume of soundbar using the Volume up and Volume down buttons on the remote control or soundbar control panel.
- » **AUX in:** Connect a compatible device using the 3.5mm – 3.5mm stereo jack cable. Select AUX mode either by pressing the AUX button on your remote control or repeatedly pressing the MODE button on the soundbar control panel until AUX is displayed on the LED display. Ensure the connected device is producing an audio signal, then adjust the volume of soundbar using the Volume up and Volume down buttons on the remote control or soundbar control panel.
- » **Optical in:** Connect a compatible device to the OPTICAL input on the soundbar using a digital optical cable (not supplied). Select OPT mode either by pressing the OPT button on your remote control or repeatedly pressing the MODE button on the soundbar control panel until OPT is displayed on the LED display. Ensure Optical SPDIF is selected as the TV's audio output, then adjust the volume of the soundbar using the Volume up and Volume down buttons on the remote control or soundbar control panel.
- » **Bluetooth:** Press the BT button on the remote control or repeatedly pressing the MODE button on the soundbar control panel until BT is shown on the LED display. The LED display will flash to indicate that the soundbar is in

Bluetooth pairing mode. Ensure that the device you wish to connect is also in pairing mode and search for "**Blaupunkt Dolby**" in its device list. When the two devices are paired, the LED display on the soundbar will stop flashing and remain constant. (The soundbar will now automatically re-pair with this device whenever it is within range and has Bluetooth turned on.)

» **USB media mode:** The soundbar is compatible with USB flash drives of up to 64GB(Fat32 format) in size and can play MP3 and WAV audio files directly. Simply insert a compatible drive into the USB port on the back of the soundbar and the unit will automatically switch to USB mode and play the first compatible track. USB repeat mode (also accessed via the remote control) enables single track repeat (ONE), all track repeat (ALL) The media player also has a memory function that will recall and continue from the last-played point when a USB flash drive that has previously been used with the soundbar is reinserted.

» **Equalizer modes:** The soundbar has 3 equalizer presets, tailored to complement various styles of music. Press the EQ button on the remote to choose between Music (EQ1), Movie(EQ2), News (EQ3).
