AUSTRALIAN 1930 PENNIES

x175%

One of Australia's most sought after and highly publicised coins is the Australian 1930 Penny. Whether you have read about it in the papers or searched through buckets of hundreds or even thousands of pennies, this is the date every keen collector wants!

Struck by the Melbourne Mint during The Great Depression, there wasn't a demand to produce large quantities of pennies as they had done in the late 1920's. **Only about 1500-3000 coins were struck dated 1930.**

FINE/VF \$20,000.00
