NEW ZEALAND 1935 WAITANGI 6 COIN PROOF SET

The 1935 Waitangi Crown was struck after the New Zealand Numismatic Society approached the government to suggest the issue of a coin commemorating the 1840 signing of the Treaty of Waitangi, New Zealand's founding document.

Mintage was limited to 364 sets of which 97 were presented in an official red case and 267 on a red card.

The crown's reverse, designed by New Zealand artist James Berry and adapted by British artist Percy Metcalfe, shows Ngapuhi Chief Tamati Waka Nene and the first governor of New Zealand, William Hobson, shaking hands above the legend 'Waitangi'.

This lightly toned, six coin proof set consists of a threepence (PF66), sixpence (PF63), shilling (PF66), florin (PF62), half crown (PF64), crown (PF62) and is accompanied by an official red case.

150TH ANNIVERSARY AUSTRALIAN OVERLAND TELEGRAPH LINE

Life in Australia changed forever when Charles Heavitt Todd's Overland Telegraph Line opened. An extraordinary engineering feat, the line stretched 2839km from Port August to Darwin through unknown and hostile territory, on 36,000 poles.

This 2022 \$1 uncirculated coin commemorates the 1872 opening of the line and Australia's historic telegraphic connection with the rest of the world.

35TH ANNIVERSARY OF ANIMALIA

Animalia is a classic Australian children's book, first published in 1986, written and illustrated by Graeme Base. Celebrating its 35th anniversary in 2021, more than three million copies of Animalia have now been sold worldwide.

The book takes children and adults on a colourful journey of the alphabet, using alliteration and detailed animal illustrations to captivate them.

In 2021 the Royal Australian Mint partnered with the Children's Book Council of Australia to release this coin, the first of the series. Launched in the lead up to 2021 Book Week, the coin is a nod to the joy and importance of reading.

This was the first release in the series that will celebrate a different classic Australian children's book each year.

GREAT SOUTHERN LAND BLUE LEPIDOLITE

This beautiful coin features the great southern Australian continent in stunning Australian blue lepidolite.

Since antiquity, European philosophers speculated that a large continent existed in the Southern Hemisphere. 'Terra Australis' was the term coined to describe the posited great south land which different navigators explored in parts until Royal Navy cartographer Matthew Flinders completed the first circumnavigation of the island-continent now known as Australia in 1803.

The 99.99% pure silver \$1 1oz reverse features a blue lepidolite insert in the shape of the Australian continent.

It is encircled with representations of an Australian wedge-tailed eagle; a kookaburra; a splendid fairy wren; a blue banded bee; a birdwing butterfly; a sugar glider; a sulphur crested cockatoo; and a willie wagtail. The background is composed of native flora motifs.
