## 2022 BABY COIN COLLECTIONS

Imagine if the animals on Australia's circulating coins were transformed into adorable baby toys! The 2022 Baby Coin Sets from the Royal Australian Mint does just that, creating a uniquely Australian and simply adorable numismatic memento. The perfect first gift for any little newborn collector!

The shy lyrebird on the 10c coin now a winky-wonky marionette puppet, while the 50c coat of arms has been given a riotous party makeover with plush roo and emu. Finally, the \$2 coin show an adorable Indigenous baby, looking with giggling wonder at a cute star mobile.

Altogether, they create a unique and engaging year set that celebrates the arrival of a new baby, the wonders of a child's imagination and the simple joys of collecting.

# 2007-2019 SUNSET GOLD SET

First released by the Royal Australian Mint in 2007, the simple yet striking reverse design of this coin features a lone kangaroo crossing the red soil plains against a setting sun, capturing the raw beauty and isolation of the great Australian outback.

Due to its high popularity, this coin was only available to customers successful in a ballot run by the mint.

Issued every year from 2007 through to 2019, each release had a tiny mintage of just 1000 coins.
